MACQUARIE
University
SYDNEY · AUSTRALIA

(**YOU**)^{us}

When your potential is multiplied
by a university built for collaboration,
anything can be achieved.

*That's **YOU** to the power of us*

(YOU)^{*us*}

At Macquarie, we have discovered the human equation for success. By knocking down the walls between departments, and uniting the powerhouses of research and industry, human collaboration can flourish. This is the exponential power of our collective, where potential is multiplied by a campus and curriculum designed to foster collaboration for the benefit of everyone. Because we believe when we all work together, we multiply our ability to achieve remarkable things.

*That's **YOU** to the power of us*

Sydney has something for everyone – from the iconic Sydney Harbour and more than 100 beaches, to picturesque mountains and arts and cultural festivals.

Study in Sydney, Australia

A DESTINATION LIKE NO OTHER

Bondi Beach, Australia's most famous beach

If you are looking for a safe and friendly destination offering a dynamic, multicultural experience while you study, look no further than Sydney.

The oldest and most populous city in Australia, Sydney is the country's economic and financial hub, and is home to the regional headquarters of around 500 multinational companies. Wherever you choose to develop your career, Sydney is the perfect place to start.

Australia is famous for its relaxed lifestyle, astounding landscapes and high standards – particularly in education and healthcare. First inhabited by Indigenous people at least 50,000 years ago, Australia has attracted people from more than 190 countries to study and migrate. Wherever you come from, you are likely to find people from your country who have made their home 'Down Under'.

WELCOME TO OUR HOME

Located only 15 kilometres from Sydney's central business district, Macquarie is easily accessible by public transport, with our own on-campus train station. We offer our students a full accommodation service, including free airport pickup when you first arrive. You will also be able to settle in and make new friends before classes start during our international orientation program.

SYDNEY IS RANKED

TOP 10 BEST STUDENT CITIES IN THE WORLD

QS Best Student Cities, 2018

TOP 10 SAFEST CITIES IN THE WORLD

The Economist Intelligence Unit
Safe Cities Index, 2017

“I love the liveliness in Sydney – there's a buzz whenever you go to the city and there's always something to do. I enjoy going to Circular Quay and watching the sun set next to the Harbour Bridge and Sydney Opera House. I don't think I'd ever get sick of it!”

It's our mission at Macquarie to prepare you for the future – whatever it's going to look like for you. With experts predicting that by 2025 around 50 per cent of jobs as we know them today won't exist, it's vital that when you graduate you have a skill set that allows you to reinvent yourself in any industry. So we'll encourage and support you to develop your practical know-how alongside your technical skills, grab opportunities to experience new things here in Australia and across the globe, get as much hands-on experience as you can, and network with our industry and community partners.

*That's **YOU** to the power of us*

**FUTURE
SUCCESS
SECURED
FOR (YOU)^{us}**

Make your dream career a reality

MULTIPLY YOUR EMPLOYABILITY

SECURE YOUR FUTURE

A career that is both rewarding and makes a measurable difference in the world is the dream of many. At Macquarie, we provide you with the necessary building blocks to set your dream in motion – just one of the many reasons why Macquarie is ranked in the top 10 in Australia for graduate employment.

STEPPING STONES TO YOUR CAREER

To help you succeed, we've established a set of career accelerator initiatives through which we'll educate, enable and empower you to launch your career in whatever field ignites your passion.

Our career accelerator initiatives ensure that by the time you graduate you're irresistible to employers. The initiatives are built around three key stages:

- **Educate** – we'll help you determine what type of career is the best fit for you, provide you with advice about what employers expect of you and help you develop your career management skills.
- **Enable** – we'll work with you to secure a placement in a work or community setting. Placements can include paid and unpaid internships, uni vacation arrangements or degree-based work experience. They can be short term – running for a couple of months – or long term across a year or more.
- **Empower** – we'll work with you following your placement to reflect on your experience, help you build your résumé and online profile, workshop your interview skills and provide advice about building your networks – all in preparation for you to start your career.

INDUSTRY-RELEVANT DEGREES

The world is changing at a rapid pace. The employability skills that were sought after two years ago may not be so well regarded or even necessary in five or 10 years' time. So that our degrees equip you with skills for the future, we design many of them in consultation with industry. This means we can respond to the needs of industry in real time, and you'll develop the most relevant skills.

WHAT EMPLOYERS WANT

Our degrees are not only backed by industry, they also provide practical real-world learning – learning that's facilitated through our unique programs. For example, our award-winning Global Leadership Program is recognised as Australia's flagship leadership program in a tertiary setting. Our PACE (Professional and Community Engagement) program – the only one of its kind in Australia – gives you practical experience that's fully integrated into your degree. And our Student Exchange program – one of the best in Australia – allows you to gain academic credit at one of our 150 global partners, along with job-ready skills before you graduate. All this practical learning ensures you graduate with the skills and experience that employers are looking for.

“My placement with Johnson & Johnson gave me great insight into the medical devices industry and the important role healthcare clinicians play behind the scenes. I attended multiple theatre cases with clinical specialists who use their expertise to assist surgeons in their operation or installation of medical devices. Being able to talk to many different healthcare professionals has allowed me to better explore my future career.”

Jordan Griffiths
BACHELOR OF CLINICAL SCIENCE

Studying at Macquarie will give you more than just a degree; it will provide a life-changing experience and build the foundations for a satisfying career.

Practical experience, leadership and exchange

A WORLD OF OPPORTUNITY AWAITS YOU

PRACTICAL EXPERIENCE

Macquarie's award-winning PACE (Professional and Community Engagement) program gives you practical experience working with one of our Australian or international partners as part of your course. PACE can help open doors to an exciting career. You will be taken beyond the classroom and into the real world! With PACE you could:

- do an internship with a corporate giant
- travel internationally and help communities overseas create sustainable change
- solve problems as part of a virtual project team
- support a not-for-profit organisation to maximise its impact.

The PACE opportunities are endless and will equip you for the dynamic world of work and a life of ethical and engaged citizenship.

pace.mq.edu.au

STAND OUT FROM THE CROWD

The Global Leadership Program (GLP) has been recognised as Australia's flagship tertiary global leadership program, receiving the prestigious Institute of International Education award for Innovation in International Education – Internationalising the Campus. Macquarie is the first university in the Southern Hemisphere to receive the award.

The GLP – the only extracurricular program that can be put on your transcript – provides you with outstanding opportunities to enhance your study experience by developing important leadership and intercultural skills. You will also develop relationships to grow your network.

mq.edu.au/glp

OUTBOUND EXCHANGE

Going on exchange is a great opportunity to differentiate yourself, increase the value of your degree and build an international professional network while exploring the world. As an international student at Macquarie, you will have the opportunity to become even more of a global citizen through travelling to our partner universities as part of our Student Exchange program.

You can choose to study overseas for just a few weeks, a whole session or even a year at more than 150 partner universities in more than 40 countries. We will support your globe-trekking ambitions by providing access to support funds and resources.

students.mq.edu.au/exchange

“The mechanical engineering program at Macquarie is helping me achieve my ambition of becoming a motorsport engineer. My recent PACE experience – being team leader of the MQ Speed team, which competed in the World Human Powered Speed Challenge at Battle Mountain in Nevada – gave me the most amazing opportunity to apply the knowledge that I’ve obtained in the classroom in a real-world environment.”

“When faced with a problem, a group of people with a homogeneous way of thinking might come up with a solution very quickly. But when the group consists of people from different countries, genders, faiths and backgrounds, the result will be a powerful solution where every iteration has been discussed – thus making it possible to find the best result. This is the true value of diversity.”

Enrique Vargas del Campo
SENIOR ACCOUNT MANAGER, GOOGLE
MASTER OF INTERNATIONAL BUSINESS GRADUATE

Macquarie is uniquely located in the heart of Australia's largest high-tech precinct. Such a location enables you to connect with future employers in some of the country's leading organisations while you're studying. Macquarie is also home to some of Australia's most exceptional facilities through which you'll connect with innovative teachers and researchers to achieve extraordinary things. We also connect you with your peers through student and sport clubs, and provide you with a comprehensive support system.

*That's **YOU** to the power of us*

**A
CAMPUS
BUILT
FOR (YOU)^{us}**

Our campus

LOCATED IN THE MIDDLE OF THE
MACQUARIE PARK INNOVATION DISTRICT

A CULTURE OF COLLABORATION

Macquarie is a key partner in the Macquarie Park Innovation District (MPID) – Australia’s premier innovation hub. Home to more than 180 large international organisations – including 12 of the top 100 global companies and 200 small businesses – the vibrant technology park is set to transform the way collaboration and innovation is catalysed.

BUILD YOUR NETWORKS

Could there be a better way to connect with future employers in some of the country’s leading organisations than by studying alongside them? You’ll get first-hand exposure to ideation processes, and have access to MPID’s Incubators, innovation spaces and dynamic events program. Each bring together students, industry, entrepreneurs and researchers to create innovative solutions to some of our greatest challenges. As a Macquarie student, you’ll be in a prime position to network with some of the best entrepreneurial minds and truly think outside the box.

ON-CAMPUS INNOVATION HUB

Our on-campus incubator is a vibrant space where you can focus on a business idea. Researchers, small and medium-sized enterprises (SMEs), entrepreneurs and start-ups all use the space, so you’ll be in close proximity to an energetic start-up community. Using our corporate links, you’ll be able to connect with businesses to help accelerate your ideas and gain exposure to more opportunities. You can also participate in entrepreneurial programs, international exchange programs and events such as pitch competitions, speaker series and networking events with industry experts.

MORE THAN 300 LEADING COMPANIES ARE LOCATED ON OR AROUND THE MACQUARIE CAMPUS, INCLUDING:

- 3M AUSTRALIA
- ABBOTT
- AMP CAPITAL
- ASTRA ZENECA
- CANON
- CITI
- COCHLEAR
- COMMONWEALTH BANK
- CSIRO
- DELOITTE
- ERICSSON
- FOXTEL
- FUJITSU
- GLAXOSMITHKLINE
- HERBERT SMITH FREEHILLS
- HONEYWELL
- HUAWEI
- HYUNDAI
- JOHNSON & JOHNSON
- KONICA MINOLTA
- MICROSOFT
- NATIONAL AUSTRALIA BANK
- OPTUS
- ORIX
- PHILIPS
- SCHNEIDER ELECTRIC
- SONY
- WESFARMERS

Macquarie is home to some of Australia's most exceptional facilities through which you'll connect with pioneering teachers and researchers to achieve extraordinary things.

World-leading facilities

EXTRAORDINARY COLLABORATIONS
REQUIRE AN EXCEPTIONAL HOME

A PLACE OF INNOVATION

Undertake a health, medical or psychology course and you could be studying alongside experts from MQ Health and Cochlear, or within our Simulation Hub. Or are you interested in cyber crime? You may have opportunities to learn from academics and industry professionals within our Cyber Security Hub. For media students, there's our Futures Lab, and science students have access to some of the best labs in Asia-Pacific. And, regardless of which course you undertake, if you have an entrepreneurial spirit, you'll find inspiration and support in our new incubator.

MACQUARIE UNIVERSITY INCUBATOR

The Incubator is Macquarie's hub for entrepreneurship, offering innovative programs and support to help you turn your idea into a business.

MACQUARIE UNIVERSITY HOSPITAL

Australia's first not-for-profit teaching hospital on a university campus, Macquarie University Hospital is redefining healthcare excellence. By combining the best available knowledge and expertise, this facility ensures patients receive a comprehensive and integrated healthcare service. The hospital is part of MQ Health, Australia's first fully integrated academic health science centre under a university's leadership. Bringing together this state-of-the-art hospital and the University's Faculty of Medicine and Health Sciences, MQ Health aims to provide you with a practical learning experience, as well as improve the lives of patients and the broader community by integrating world-class research, clinical care and education.

COCHLEAR

Macquarie is home to the world headquarters and principal manufacturing facilities of Cochlear. As the leading global expert in implantable hearing solutions, Cochlear is dedicated to bringing the gift of sound to people all over the world. Its location on our campus facilitates outstanding research–industry partnerships that are continually driving innovation for the benefit of people across the globe.

Macquarie University Incubator

OPTUS MACQUARIE UNIVERSITY CYBER SECURITY HUB

The Cyber Security Hub provides expertise around the causes, effects, operations and motivations of cyber crime, as well as its implications for government, business and individual citizens.

SIMULATION HUB

The Simulation Hub enables leading experts from the University and industry to collaborate on translational research across a wide range of disciplines. It houses simulation labs for driving; home, work and recreation; flight; motion capture; and virtual reality.

Simulation Hub

Macquarie University Hospital

FINANCE DECISION LAB

Our Finance Decision Lab facilitates collaboration with industry, regulators, governments and leading overseas universities to ensure research outcomes are robust, realistic and relevant.

FUTURES LAB

The state-of-the-art Futures Lab is home to the latest in networked digital media production technologies, and mirrors the platforms and systems in use by major broadcasters and online media outlets internationally.

University is about much more than graduating with a degree. It's also about awakening your adventurous side and trying new things, creating networks on campus and around the globe and, importantly, making friendships that can last a lifetime.

Campus life

GET SERIOUS ABOUT HAVING FUN

CONNECT WITH YOUR PEERS

Student life isn't all about classrooms and exams. It's also about making new friends, enjoying new experiences and learning about diverse cultures. With more than 130 student groups and sport clubs, Macquarie offers ample opportunity to meet new people, experience other cultures, test ideas and develop personal skills – communication and teamwork, for example.

STAY IN SHAPE

Macquarie's sport facilities are some of the best university facilities in Australia. We offer a state-of-the-art health club; heated 50-metre outdoor and 25-metre indoor swimming pools; football and soccer fields; tennis, basketball and squash courts; a martial arts area; a gymnastics hall; and more.

FEED YOUR BRAIN AND YOUR BODY

When you're a busy uni student, you need to have the right fuel to optimise your study, work and play. With this in mind, we offer a range of on-campus food options that will keep your mind alert and your body nourished. With tasty options from all corners of the globe, you'll be spoiled for choice when it comes to feeding your hungry tummy. And, if you've got a craving for something not on campus, you're only a short walk away from the nearby shopping centre.

GET INVOLVED

You'll always find something of interest at Macquarie, whether it's movie screenings, cultural festivals, theatre performances, art exhibitions or our annual music festival.

PLAY HARD OR JUST FOR FUN

If you enjoy fitness or team sports, become a MacWarrior and join one of our social sport competitions or sport clubs. Competitions run each session and include sports such as basketball, futsal, netball and touch football. Our sport clubs also offer a range of competitive and beginner programs in AFL, cheerleading, cricket, dance, fencing, hockey, quidditch, rowing, rugby union, scuba diving, skiing and snowboarding, soccer, squash, table tennis, ultimate frisbee and water polo.

JOIN THE COMMUNITY

As a graduate, you'll become part of the global Macquarie alumni community, giving you inside access to exclusive events, lifelong learning opportunities, career counselling services and discounts on the amenities you've grown to love as a student.

Macquarie Active Zone Experience (MAZE)

Macquarie University Sport and Aquatic Centre

Macquarie University Lakeside

Support and services

WE'RE HERE FOR YOU

LEARN THE WAY YOU WANT

MUSE (Macquarie University Spatial Experience) is a social learning space where the atmosphere of a group hangout runs head first into the quiet study ambience of the library. Supporting students who learn in many different ways, each of the three levels in MUSE allows individual study to coexist with group work.

mq.edu.au/muse

STAY IN THE BEST OF HEALTH

Macquarie offers a suite of health and wellbeing services – counselling, disability, welfare, advocacy, medical and religious support – that you can take advantage of at any time during your studies.

mq.edu.au/campus-wellbeing

MORE THAN JUST BOOKS

Macquarie University library provides access to millions of print and electronic resources. It features group and quiet study areas; computers, printers and copiers; presentation practice pods; a café; and high-tech robotic cranes that deliver your books in minutes.

mq.edu.au/library

CELEBRATE DIVERSITY

Macquarie is an inclusive and diverse campus with students from more than 140 countries. We offer specific support services to students from culturally diverse backgrounds, students with disability, Indigenous students and LGBTQI students.

mq.edu.au/diversity-and-inclusion

GET READY AT O WEEK

Orientation Week – or ‘O Week’ – is held the week before classes start. You can find out about student groups, support services and extracurricular programs.

mq.edu.au/orientation

GET THE INSIDE SCOOP

The Macquarie University Mentors program is one of Australia's longest-running peer-support programs. Mentors are current students who can help you find your way around the campus, and give you tips about how to make friends and settle into the Macquarie community. You can select your mentor once you enrol and connect with them during O Week.

mq.edu.au/mentors

CRUNCH THE NUMBERS

Through the Numeracy Centre, we offer assistance with mathematics and statistics. You can choose from a free drop-in service, weekly workshops for some first-year degrees, bridging programs, preparatory courses and some online resources.

maths.mq.edu.au/numeracy

BRUSH UP ON YOUR LEARNING SKILLS

Macquarie offers individual consultations, free workshops and online resources to help you with academic writing, referencing, exam strategies and more.

mq.edu.au/learningskills

START YOUR CAREER

The Career and Employment Service can help you prepare a résumé, identify career options and the skills necessary for your chosen career, and connect you with employers and industry bodies.

mq.edu.au/careers

MOVING TO STUDY

Macquarie offers an array of safe, supportive and friendly accommodation options to suit all needs – university housing, residential colleges, self-contained studios, apartments and private listings. Accommodation Services has dedicated staff to provide support during your transition to university.

mq.edu.au/accommodation

Find out more
mq.edu.au/support

Need help?
(I'M A MENTOR)

Knowing you are safe and supported lets you focus on your studies. At Macquarie, we offer a diverse range of accommodation options to suit every need, as well as dedicated staff to help you transition to university life.

Student accommodation

WELCOME TO YOUR NEW HOME

Safe, supportive and fun accommodation makes all the difference to your university experience. The friendly team at Macquarie Accommodation Services can help you find the best housing options for you, including female-only or male-only accommodation.

If you need a temporary place to stay when you first arrive, we can help you with that as well. We will even pick you up from the airport in Sydney – for free.

mq.edu.au/accommodation

GETTING TO AND FROM CAMPUS

Macquarie's campus is located just 15 kilometres from Sydney's city centre. Once you have arrived, you will discover that Sydney's public transport system is safe, efficient and easy to use. Macquarie University even has its own train station, with a new Metro Line. There will be a train leaving every 4 minutes in peak times and no timetable will be needed - you can just turn up and go. The train line connects to Chatswood Station, and from there you can changeover to the city stations (Wynyard, Town Hall and Central). Bus routes also connect the campus to popular Sydney destinations including world-famous Bondi Beach, Sydney Opera House and Sydney Town Hall.

Single, fully catered college room	From \$500
Single, fully catered college room with ensuite	From \$600

*Prices are estimates and may change.

Iglu offers modern student accommodation right next to Chatswood Station, a 10-minute train ride to Macquarie University and only 20 minutes to central Sydney.

Robert Menzies College offers both self-catered and fully catered accommodation in private, fully furnished study bedrooms with shared bathrooms or private ensuites.

Located within walking distance to campus, **Dayman Apartments** offers modern facilities and a secure and quiet environment in which to live and study.

Scholarships and financial support

FUNDING YOUR POTENTIAL

SCHOLARSHIP OPPORTUNITIES

Each year, Macquarie University awards over \$4 million in scholarships and grants. There is a wide range of scholarships for students from all backgrounds, so be sure to check the website for regular updates, as well as eligibility and application details.

AUSTRALIAN GOVERNMENT SCHOLARSHIPS

Macquarie University warmly welcomes recipients of the Australian Government-funded Australia Awards.

MACQUARIE UNIVERSITY SCHOLARSHIPS

- Big History Scholarships
- Country-specific scholarships for students from many countries
- English Language Scholarships
- *FIRST*[®] Robotics Scholarships
- Vice-Chancellor's International Scholarships

MOBILITY SCHOLARSHIPS

We offer generous travel grants for students to travel overseas as part of their course.

HOW TO APPLY

Once you have chosen a course, complete an application online. Macquarie will assess your application and send an offer within two weeks.

mq.edu.au/international-how-to-apply

Once you have received your full course offer, apply for the scholarship online.

mq.edu.au/international/scholarships

IMPORTANT

You will need your Macquarie student number to complete your scholarship application online. You will receive this number once your course application has been processed. Incomplete applications will not be considered.

Courses made by You to the power of us. It's our approach to learning inspired by the world of ever-increasing change. Imagine being empowered with greater choice, flexibility and diversity in order to meet this change. Well, that's exactly what we've embodied in our innovative curriculum.

More flexible and better aligned to your needs, our curriculum will deliver you a richer experience that will enable you to gain broader or more specialised knowledge in the areas that interest you and empower you to pursue the careers of tomorrow.

*That's **YOU** to the power of us*

**COURSES
MADE
BY (YOU)^{us}**

INTRODUCING AUSTRALIA'S LARGEST RANGE OF 1 YEAR MASTER DEGREES

It's our mission at Macquarie to prepare our students for the future – whatever it's going to look like. With experts predicting that by 2025, around 50 percent of jobs as we know them today won't exist, it's vital that when you graduate from Macquarie, you have a skillset that allows you to reinvent yourself in any industry.

To prepare you for the future, we have created a course structure that allows you to graduate sooner and complete a Master degree in as little as 1 year.

Depending on your prior qualifications, work experience, or other recognised prior learning, you may be eligible for a 1-year admission point. The 1-year admission point only requires you to complete the Core Zone units, covering the specific disciplinary or professional requirements of the course.

Visit courses.mq.edu.au for more information about our new 1 year Master degrees.

**SAVE TIME AND MONEY WHEN COMPLETING YOUR STUDIES.
WIDE RANGE OF RELEVANT BACHELOR DEGREES FOR ENTRY.**

You can choose from a range of **40+ Master degrees** to study in 1 year, subject to meeting the entry requirements. Refer to pages 44–85 or visit **courses.mq.edu.au** for more course information.

DOUBLE YOUR EXPERTISE WITH OUR DOUBLE DEGREES

THE FUTURE'S IN YOUR HANDS

Macquarie has always considered our students to be co-creators in their learning. One of the most exciting developments in our new curriculum is around your ability to study two degrees at once.

Interested in studying business administration and arts? How about finance and IT or media and communications with marketing? Or maybe you're interested in a less traditional combination – how about science with commerce? We've put together a list of pre-approved preferred double combinations for you to choose from.

Visit mq.edu.au/double-degrees for more information about our double degrees*.

* Some double degree exclusions apply.

^ Each of the listed double degrees on pages 39–40 is registered on CRICOS with the full name 'Bachelor/Master of Combined Studies in (chosen combination of areas of study)'

START YOUR CAREER SOONER

Double degrees fast-track your study – you usually complete a double degree one or even two years faster than you would undertaking both degrees on their own. This not only saves you time, but money as well.

IMPROVE YOUR EMPLOYMENT PROSPECTS

Double degrees involve studying two complementary or completely different degrees and can increase your career flexibility and lead to greater employment prospects.

FEED YOUR CURIOSITY

By undertaking one of our double degrees, you can feed your curiosity and look at things from multiple perspectives – all while gaining two high quality qualifications.

**COMPLETE TWO MASTER DEGREES IN AS LITTLE AS TWO YEARS.
COMPLETE TWO BACHELOR DEGREES IN AS LITTLE AS FOUR YEARS.**

You can choose from **20+ double Bachelor degree** or **60+ double Master degree** combinations[^].
Visit mq.edu.au/double-degrees for more course information.

Arts and social sciences

Postgraduate degree		Academic IELTS	Intake	Duration	Annual fee [~]	Entry requirements [‡]	CRICOS code
Master of International Relations 	TOP COURSE	6.5 overall 6.0 in each band	February, July	1 year	\$36,000	Australian bachelor's qualification in a related field or recognised equivalent with a WAM of 65	099175C
<p>We live in an interconnected and globalised world. Yet conflict continues to impede international cooperation. The world has become more, rather than less complicated. Being able to understand and evaluate global issues across the social, cultural, legal, political and economic spectrum is a highly valued skill that is much desired by government, business and the non-government sector.</p> <p>Through engagement with innovative approaches and thinking, this course will empower you to comprehend and evaluate contemporary regional and global developments, and will equip you for an international career in diplomacy, journalism, the NGO sector, international business or academia.</p> <p>Key features:</p> <ul style="list-style-type: none"> You'll learn from experts in the fields of Asian, European, American, African, Australian and Middle Eastern studies. You can undertake a research component under specialised individual supervision. You'll develop key skills in critical thinking, problem-solving, research, writing, and oral communication. You can combine this course with other Master degrees to expand your skills and knowledge. <p>Career opportunities: Civil service in departments dealing with foreign affairs, diplomacy, defence, foreign aid and intelligence, international organisations such as United Nations, NGOs, multinational corporations, trade focused businesses, journalism and consulting.</p>							
Master of Planning Specialisations: <ul style="list-style-type: none"> Environmental Law Environmental Planning Social Policy and Planning 	TOP COURSE	6.5 overall 6.0 in each band	February, July	1.5–2 years	\$36,000	Australian bachelor's qualification or recognised equivalent with a WAM of 60	092011B
<p>PROFESSIONAL ACCREDITATION</p> <p>Effective planning is crucial in our rapidly urbanising world. Skilled planners make central contributions to shaping places and communities, and to the sustainability of social and economic development.</p> <p>This course will provide you with training in foundations of planning, including planning law, strategic planning, the assessment of development proposals and decision making. It brings together social and environmental science, and practitioner know-how, to create a rich professional development experience for established and aspiring planners.</p> <p>Key features:</p> <ul style="list-style-type: none"> This degree will provide you with the theory, skills and knowledge urban and regional planners require, and is accredited by the Planning Institute of Australia (PIA). You'll develop foundation skills and knowledge in strategic planning, development assessment, sustainable development and planning law. You'll learn how to approach social, economic and environmental issues in an integrated way. You can choose to specialise in Environmental Law, Environmental Planning, or Social Policy and Planning. You'll also have opportunities to add depth in areas such as climate change, social policy, environmental science, community consultation, spatial sciences and regional development. <p>Career opportunities: Environmental planner, local government planner or development assessor, social planner, strategic planner, social development and environmental consultant.</p>							
Master of Public and Social Policy 	TOP COURSE	6.5 overall 6.0 in each band	February, July	1 year	\$32,500	Australian bachelor's qualification in a related field or recognised equivalent with a WAM of 65	099509G
<p>Contemporary public and social policymaking involves balancing the needs of diverse stakeholders and competing interests. Being able to recognise and account for diverse viewpoints and understand both the opportunities and challenges inherent in policymaking – and the research that informs it – will help you make a positive impact on the well-being of others at an individual and community level.</p> <p>With its dual focus on policy analysis and applied social research, this unique course will give you a deep understanding of the forces that shape policy and the processes involved in making it. You'll develop advanced skills in critical analysis to help you design and deliver effective policy solutions that serve the public interest, as well as the confidence to make socially informed judgements in a range of specialist policy areas.</p> <p>Key features:</p> <ul style="list-style-type: none"> This course has an interdisciplinary focus, so you will study diverse disciplines, including politics, sociology and human geography. You'll develop the skills and confidence to utilise and interpret complex research and administrative data to independently develop and evaluate public and social policy. You'll learn skills in quantitative and qualitative social research, including how to engage with statistical data in an applied manner, conduct surveys and analyse survey data, run focus groups, undertake interviews and apply qualitative data in a range of policy tools. You'll become adept at communicating policy information and social research to diverse audiences. You'll acquire research skills that allow you to engage with and undertake research that addresses the global challenges facing contemporary societies, including sustainable communities, welfare reform, immigration, populism and inequality. <p>Career opportunities: Human services consultant, market researcher, media adviser, policy adviser, public opinion and market researcher, social and community services manager, social researcher, social and environmental advocate.</p>							

[~] These fees are indicative only and may change.

[‡] The entry requirement listed is applicable to the longest course duration. Entry requirements vary based on the admission point/duration that you choose.

There might be alternative ways to meet the entry requirements. For more information visit courses.mq.edu.au

Double degree options exist for this course. See pages 38–40 for more course options and entry requirements.

Business

As a graduate in the business field, you'll be sought after by leading companies and non-government organisations across Australia and around the world. That's because Macquarie equips you with the skills that employers want.

Our interdisciplinary approach gives you the chance to combine degrees and get hands-on experience through internships with some of Australia's best companies. We offer flexibility, so you can choose to generalise or specialise in an area that interests you. Choose from accounting, actuarial studies, business administration, business analytics, commerce, cyber security governance, economics, entrepreneurship, finance, human resource management, international business, management or marketing.

Bachelor of Actuarial Studies 	95	6.5 overall 6.0 in each band	February	3 years	\$37,500	067838M

PROFESSIONAL ACCREDITATION – RANKED 6TH IN THE WORLD FOR ACTUARIAL STUDIES RESEARCH*

Actuaries specialise in applying mathematical, statistical and financial analysis to business, finance and insurance. Actuaries advise government, financial institutions and other organisations on financial management, risk management, product design and complex transactions. They are key to helping financial institutions and other businesses all over the world to prosper. In this professionally accredited course, you'll learn how to apply mathematical, statistical, economic and financial analysis to a range of practical problems in long-term risk management, finance and insurance.

Key features:

- You'll complete part, or all, of the Foundation level professional qualifications of the Actuaries Institute, subject to demonstrating superior academic performance in the relevant units.
- By completing a double undergraduate degree with the Bachelor of Actuarial Studies you can also complete the university component of the Associateship program of the Actuaries Institute, subject to demonstrating superior academic performance in the relevant units.
- You'll undertake a range of units in actuarial science, statistics, finance and economics.
- Macquarie is recognised as a Centre of Actuarial Excellence by the Society of Actuaries.

Career opportunities: Actuary, fund manager, insurance analyst, general or health insurance specialist, pricing/marketing actuary, risk analyst, superannuation consultant and underwriter.

Bachelor of Applied Finance 	85	6.5 overall 6.0 in each band	February, July	3 years	\$37,500	027342M
Bachelor of Business Administration 	80	6.5 overall 6.0 in each band	February, July	3 years	\$37,500	027343K

INTERNSHIP OPPORTUNITIES AVAILABLE

In today's globalised world where competition among businesses is at an all-time high, there are very few careers in which a comprehensive knowledge of business isn't revered. The best business administrators are equally talented at managing numbers as they are at managing people – they're leaders, strategic thinkers, creative problem-solvers and innovators. This course will develop your skills in business, ethics, management, finance, economics, accounting, human resources, marketing and strategy – all key competencies you'll need to succeed in today's dynamic global business environment.

Key features:

- This course has been designed in consultation with industry you possess the skills and business acumen employers are looking for when you graduate.
- You'll learn how to apply leadership and management concepts to real workplace situations, explore how marketing contributes to overall business operations, discover how Australian contract law is used to establish and manage business partnerships, develop and critique sustainable business practices in real-world environments, and learn how team diversity can contribute to a high-performance working environment.
- You'll have opportunities to get real-world experience with leading Australian organisations through internships, as well as the option of studying overseas with partner universities.

Career opportunities: Administration manager, business analyst, communications manager, general manager, human resources manager, management consultant, marketing consultant, office manager, operations manager, public sector manager, recruitment and staff development consultant and sales manager.

RANKED TOP 100 IN THE WORLD IN ACCOUNTING AND FINANCE*

Accounting is often referred to as the language of business. Understanding this language means accountants hold the privileged position of being key contributors to business success. Armed with such skills, accountants can apply their knowledge in any number of dynamic industries. This course enables you to understand the challenges and issues facing the world and the accounting profession at present, and helps you meet the requirements for professional accreditation in accounting.

Key features:

- You'll gain essential accounting and reporting knowledge, as well as a range of business-related skills in assurance and audit, commercial law, economics, financial management, information systems and statistics.
- The professional accounting sequence meets the tertiary education requirements of CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ), the Association of Chartered Certified Accountants (ACCA) and the Institute of Public Accountants (IPA).
- Double degree options, some of which can be completed in four years of full-time or equivalent part-time study, are available to expand your career options.

Career opportunities: Accountant, auditor, business analyst, consulting firm manager, financial institution manager, forensic accountant, government policy planner/analyst, merchant banker and stockbroker.

* QS World University Rankings by Subject, 2019

^o Selection rank is based on the Australian Tertiary Admission Rank (ATAR) for students completing an Australian senior secondary qualification.

RANKED TOP 100 IN THE WORLD IN ACCOUNTING AND FINANCE*

Qualified professional accountants are critical to the success of all businesses and organisations. With specialised knowledge, professional accountants can apply their skills broadly in the increasingly dynamic and global accounting environment.

This prestigious course will enable you to obtain a university qualification that satisfies the accreditation requirements to commence the professional papers offered by CPA Australia, Chartered Accountants Australia and New Zealand (CA ANZ) and the Association of Chartered Certified Accountants (ACCA). In addition, you'll complete advanced units in financial and management accounting, management control systems, information systems, business ethics and taxation to prepare you for a wide range of accounting roles.

Key features:

- You'll gain essential financial and management accounting knowledge, as well as a range of business-related skills in assurance and audit, commercial law, economics, financial management and information systems.
- You'll learn from our highly regarded academic experts, most of whom have first-hand experience with the CPA, CA and ACCA programs. Many of our teaching staff also act as consultants to Chartered Accountants Australia and New Zealand (CA ANZ) and CPA Australia.
- You'll have opportunities to develop your research skills and practice, enabling you to interpret and appraise recent developments in accounting, as well as to make professional judgements and solve complex accounting problems.
- You'll have the opportunity to attend and participate in seminars and workshops in which you'll apply your advanced and integrated understanding of the core disciplines of accounting to practical and theoretical scenarios.

Career opportunities: Accountant, auditor, banker, business analyst, consultant, forensic accountant, insurance specialist, risk management specialist, stockbroker, superannuation adviser and taxation specialist.

RANKED TOP 100 IN THE WORLD IN ACCOUNTING AND FINANCE*

Qualified professional accountants are critical to the success of all businesses and organisations, and accountants who are skilled leaders can also help identify opportunities for innovation and forge exciting new business pathways.

This prestigious hands-on course provides a pathway to a career as a business leader. In addition to graduating with a professionally recognised qualification, you'll have the opportunity to undertake a mix of elective units that cover leadership fundamentals, management and blockchain technology. Collectively, these will provide you with a range of business skills and applied knowledge that are essential for employment in today's dynamic global business environment.

Key features:

- You'll have the opportunity to apply theory to real-world accounting scenarios so that you're not only learning from a book but also developing your understanding of how accounting can be applied in a business sense.
- You'll learn from our highly regarded academic experts, most of whom have first-hand experience with the CPA, CA and ACCA programs. Many of our teaching staff also act as consultants to Chartered Accountants Australia and New Zealand (CA ANZ) and CPA Australia.
- You'll become skilled at integrating advanced theoretical and technical accounting knowledge related to the core disciplines of accounting and at applying expert and specialised technical accounting skills.
- This course will equip you with the necessary professional accounting skills for the job market and career progression in business and is endorsed by the Institute of Management Accountants (IMA).

Career opportunities: Accountant, auditor, banking and finance specialist, business analyst, consulting and business adviser, forensic accountant, insurance specialist, risk manager, stockbroker, superannuation specialist and taxation specialist.

GLOBAL CAREER OPPORTUNITIES

Measuring performance is big business. Today, most of the world's major companies employ business analytics to gain valuable business insights and get an edge on their competitors. Using data modelling and statistical analysis, business analytics allows companies to measure their past performance, improve efficiency, increase profits, continuously improve, innovate and make educated decisions that drive the organisation forward.

This comprehensive, flexible course has a strong focus on the real-world application of business analytics tools and techniques. You'll develop your knowledge and understanding of computer programming, databases, applied statistics and machine learning techniques applied to big data.

Key features:

- You'll apply advanced quantitative data analysis techniques including modern data mining approaches.
- You'll learn how to extract pertinent information from large data sets using advanced database methodology.
- You'll develop your understanding of advanced methods from information technology and their use in supporting business processes.
- In your final year, you'll undertake a research methods project, where you'll have the opportunity to apply data analytics methodology in a real-world setting.
- You'll have access to our world-class Finance Decision Lab with live data from the world's leading sources of business intelligence, as well as our on-campus Incubator.

Career opportunities: Business planning executive, consumer analyst, data insights analyst, data scientist, data visualisation analyst, financial analyst, human resources officer, information technology analyst, management consultant, marketing analyst and public service adviser.

Education

To be an effective teacher in today's rapidly changing environment, it's important that you possess several key attributes. As well as having relevant and up-to-date knowledge of your discipline and well-rounded teaching know-how, you're also expected to develop the capabilities that will give your career long-term sustainability. As a Macquarie teaching graduate, you'll benefit from our uniquely developed 5Rs framework. Through this framework, you'll become a teacher who is resilient, reflexive, responsive, ready to learn and research engaged. Backed by this distinct skill set, you'll inspire, enrich lives, and empower individuals to realise their full intellectual and social potential. You'll also enjoy deep relationships with hub and partner schools, which will enable ongoing engagement with teachers and classrooms to enhance your learning.

TOP COURSE

PROFESSIONAL ACCREDITATION

This course has a strong focus on practical learning, and offers you the choice of six majors. It will equip you with the kinds of skills you need to develop into a great global engineer. Maybe create the next life-saving medical device, a clean water system for remote communities in Africa, or a mobile phone app that keeps children safe.

Key features:

- A common program of study in the first 12 months provides you with a solid foundation in mathematics, physics, computing and core areas of engineering.
- The course focuses on professional development and high-level engineering skills that culminate in a final-year engineering project.
- Your learning is enhanced by our location in one of Australia's high tech precincts.

Career opportunities: Graduate engineer, business systems design manager, electronics design and manufacturing specialist, mechanical design engineer, packaging and industrial design engineer, product design engineer, radio frequency engineer, telecommunications and networking engineer.

TOP COURSE

COMBINE ENGINEERING AND BUSINESS KNOWLEDGE

Designed for engineers who are looking to formalise their project management credentials, this course will bridge the gap between the field of engineering and the field of business management. It will unlock your technical and general management potential, and will enable you to take the next step towards business leadership. You'll gain the skills you need to apply innovative business management practices to your technical engineering knowledge so that you can identify opportunities to grow your business through strategic approaches to project management, supply chain management, business leadership and human resources management.

Key features:

- You'll learn to synthesise interdisciplinary knowledge from engineering, business and management into engineering project management and innovative business solutions.
- You'll critically analyse, formulate and solve engineering management-related problems, including complex and open-ended problems, using well-established principles, methods and procedures.
- You'll learn how to manage complex cross-disciplinary engineering management-related projects by applying appropriate skills and data management, and by interpreting results, culminating in effective written and oral presentations.

Career opportunities: Engineering project manager, chief operating officer, consultant, contract manager, project leader and vendor manager.

^o Selection rank is based on the Australian Tertiary Admission Rank (ATAR) for students completing an Australian senior secondary qualification.

See pages 92-94 for conversions to qualifications in your country or visit mq.edu.au/academic-requirements

PROFESSIONAL ACCREDITATION

The world is undergoing an information explosion at the same time business is becoming more competitive. People with the skills to help businesses and society innovate are in demand.

In this course, you'll acquire foundational skills in programming, data storage and modelling, networking and cyber security. You'll develop broad and coherent knowledge and skills from an area of information technology – such as software design and construction, applied data modelling and analysis, or security problem detection and mitigation – and learn how to apply that knowledge to solve real-world problems. And you'll learn how to relate your knowledge and skills in information technology to a broader societal context and make sound decisions regarding ethical and security concerns.

Key features:

- This course is one of the most flexible in Australia – you can choose to study two majors to diversify your knowledge and skills.
- The mix of theoretical and technical components – with an emphasis on concepts, insights and skills – will enable you to use current technologies and adapt to and create new technologies.
- This course has been designed with industry to offer a choice of study areas relevant to cutting-edge IT careers of today and tomorrow.
- In your final year, you'll undertake a work-integrated learning activity with a partner organisation to help prepare you for real workplace scenarios.

Career opportunities: Business analyst, consultant, data analyst, database designer, games designer, information technology researcher and developer, project manager, security expert, software and app developer and systems administrator.

^o Selection rank is based on the Australian Tertiary Admission Rank (ATAR) for students completing an Australian senior secondary qualification.

Master of Data Science 	6.5 overall 6.0 in each band	February, July	1–2 years	\$39,000	Australian bachelor's qualification in a related field or recognised equivalent	080284J

MULTIPLY THE POWER OF BIG DATA WITH THE POTENTIAL FOR A BIG CAREER

Data has the potential to transform the way business, government, science and healthcare is carried out. Conventional manual techniques, however, aren't capable of handling the deluge of data that modern systems generate. Data science, which applies specialised computational and statistical techniques to analyse such 'big data', is considered one of the key skills of the 21st century and there is a skills shortage in this field. This interdisciplinary course will enhance your skills and give you a range of technical skills necessary to work in data science across a variety of industries.

Key features:

- You'll learn to apply technical skills in areas such as business and scientific applications, forensic investigation and research.
- You'll develop skills in data management on and off the cloud, machine learning, statistical modelling and a range of big data technologies that will set you apart from your competitors as you enter the workforce.
- This course is interdisciplinary across computer science, mathematics and statistics, ensuring you develop the skills to apply data science to real-world issues.
- You'll have the opportunity to choose electives in areas such as data security management and modern computational statistical methods to expand your knowledge of data science.

Career opportunities: Business intelligence reporting analyst, data scientist, data analyst, market analyst, program/project manager, security intelligence specialist, statistician and machine learning engineer.

Master of Information Systems Management  	6.5 overall 6.0 in each band	February, July	1–2 years	\$39,000	Australian bachelor's qualification in a related field or recognised equivalent, with units in business information systems and databases	099171G
--	---------------------------------	----------------	-----------	----------	---	---------

INTERNSHIP OPPORTUNITIES AVAILABLE

This course addresses the continual demand for IT professionals who can combine technical knowledge with a deep understanding of the business or organisation they work in. Our units are designed to provide you with the skills to project manage information systems design and installation, including assessing business risk, setting the project scope and managing project budgets. Project strategy and systems security are key components that you will cover in this course. Optional units cover contemporary topics to help give you an edge in the workplace, such as social media management, data mining, cyber crime and how to design information systems to give a business an advantage over its competitors.

Key features:

- This course will strengthen your understanding of underlying IT principles by applying them to practical, industry-relevant issues.
- Units have been developed in partnership and consultation with industry.
- You'll gain practical, industry-based experience through completing a focused project. Depending on your specialisation, you may advise on the strategic IT management needs of an organisation or implement web-enabled database systems on secure networks.
- This course contains options to undertake an internship.

Career opportunities: Information security manager, penetration tester, security analyst, security auditor, security consultant, security manager, SOC analyst and vulnerability assessor.

Master of Information Technology in Cyber Security  	6.5 overall 6.0 in each band	February, July	1–2 years	\$39,000	Australian bachelor's qualification in a related field or recognised equivalent	099172F
--	---------------------------------	----------------	-----------	----------	---	---------

Cyber security is always in the spotlight, whether it's a story about data breaches, election hacking or phishing scams that cost people more than they can afford to lose. And with increasing levels of cyber crime, governments and businesses everywhere are competing for experts with the right mix of technical and applied skills to secure their organisation against the growing threat cyber crime poses. This technical course provides up-to-date knowledge and practical training for a successful career in the burgeoning field of cyber security. Completing this degree will arm you with technical skills in cryptography, networks, artificial intelligence and mobile data communications.

Key features:

- This comprehensive course will enable you to understand cyber security from a technical computing perspective.
- You may have the opportunity to undertake work experience during your studies.
- You'll benefit from additional activities, such as hackathons, that will help you to consolidate and apply your knowledge to real-world issues.
- You'll benefit from our collaboration with major companies in the Macquarie Park Innovation District (MPID), including with Optus through the Optus Macquarie University Cyber Security Hub – a \$10 million joint investment, which promotes a uniquely interdisciplinary approach to tackle real-world challenges in cyber security.

Career opportunities: Information security manager, penetration tester, security analyst, security auditor, security consultant, security manager, SOC analyst and vulnerability assessor.

Master of Information Technology in Networking 	6.5 overall 6.0 in each band	February, July	1–2 years	\$39,000	Australian bachelor's qualification in a related field or recognised equivalent	099173E

RANKED TOP 150 IN THE WORLD IN LAW*

This course will prepare you for a range of careers in Australia and globally, as well as satisfy the educational requirements to become a legal practitioner. It continues Macquarie's tradition of providing interdisciplinary and contextual perspectives on the study of law.

Key features:

- You'll learn about the law in its broader context, looking beyond law as a set of rules and procedures or as a technical qualification and, instead, as something that has the power to shape lives.
- This course is accredited with professional bodies regulating the admission of law graduates to legal practice and provides appropriate qualification for admission to practice as a lawyer throughout Australia.
- The interdisciplinary approach of this course has earned our graduates a reputation for being well-rounded professionals with highly capable legal minds, who also have a realistic understanding of the world, its people and the issues that bind them together.
- You'll have the opportunity to undertake internships and work placements in a range of legal settings in Australia and overseas through our Professional and Workplace Experience program.

Career opportunities: Barrister, community advocate, diplomat, in-house counsel, lobbyist, policy officer, politician and solicitor.

Master of International Trade and Commerce Law 	 6.5 overall 6.0 in each band	February, July	1 year	\$37,500	Australian bachelor's qualification in a related field or recognised equivalent with a WAM of 65	045284M
--	---	----------------	--------	----------	--	---------

RANKED TOP 150 IN THE WORLD IN LAW*

In this course, you'll extend your knowledge of the legal, governance and policy issues relevant to international and domestic trade and commerce to develop a broad and well-rounded understanding of the area, as well as skills to advance your career.

Key features:

- This course is suitable for both law and non-law graduates seeking to extend their knowledge in this field.
- You'll develop an understanding of the specialised context to which law and legal principles apply in the area of international trade and commerce from interdisciplinary, international and comparative perspectives.
- You'll apply sophisticated legal research skills to the resolution of specific legal problems and to the formulation and articulation of international law and policy reform and corresponding application in domestic law.
- Opportunities will be available for you to carry out independent research and self-directed learning so that you develop new and creative ideas and solutions to contemporary problems in the areas of international trade and commercial law.
- You'll study Professional Skills and Practice to further enhance your employability.

Career opportunities: Positions in government departments and agencies, multinational corporations, international organisations dealing with finance, trade and development issues, import/export compliance, policy and law reform, and national businesses engaging in international markets.

Whether you're an aspiring or experienced media professional, this course will give you the skills you need to expertly respond to the challenges associated with the changing mediascape, in an ethical context. It focuses on digital production, distribution, and audience communication and engagement strategies, as well as on online journalism and media practices. Armed with such contemporary knowledge and skills, you'll accelerate your career in fast-moving contemporary media and communications environments across the world.

Key features:

- You'll develop the technological skills required for professional engagement in the global media and communications industries, and gain cross-media and intercultural storytelling abilities.
- You'll study the fundamentals of ethical practice and media content production, including finding and evaluating sources of information, conducting interviews and writing for a variety of genres and formats, including online, screen, audio, broadcast and print.
- You'll have the opportunity to build your online professional profile and develop your own portfolio of practical work, such as articles, videos, multimedia reports, data visualisations, podcasts, websites and social media campaigns.
- You'll have access to professional-quality studios for screen production, music recording and radio production; industry-standard digital workstations; a specially equipped theatre for screenings; and digital production tools.

Career opportunities: Advertising and PR specialist, arts and cultural administrator, creative media marketing and promotion specialist, global communications adviser, government arts policy adviser or cultural attaché, media policy and strategy adviser, multiplatform and interactive media producer, online and social media content creator.

^o Selection rank is based on the Australian Tertiary Admission Rank (ATAR) for students completing an Australian senior secondary qualification.

^α The entry requirement listed is applicable to the longest course duration. Entry requirements vary based on the admission point/duration that you choose.

There might be alternative ways to meet the entry requirements. For more information visit courses.mq.edu.au

Double degree options exist for this course. See pages 38-40 for more course options and entry requirements.

MEDICINE AND HEALTH
**AUSTRALIA'S FIRST
UNIVERSITY-LED
TEACHING HOSPITAL
ON CAMPUS**

Medicine and health

Macquarie is a world leader in health. We're home to MQ Health – Australia's first university-led fully integrated health sciences centre – and the Australian Hearing Hub, both of which combine excellence in clinical care with teaching and research. You can choose a career path in audiology, chiropractic, clinical science, community services, counselling, human sciences, medical sciences, medicine, pathology, physiotherapy, public health, speech and language sciences or speech pathology. As a Macquarie graduate, you'll possess skills that will allow you to help drive health innovation and improve the lives of others.

Bachelor of Clinical Science	90	7.0 overall 6.5 in each band	February	2 years	\$63,880*	087679M

WORK EXPERIENCE IN A HEALTHCARE OR MEDICAL RESEARCH FACILITY

A career in medicine or health as a doctor, physiotherapist, medical researcher or other health professional is exciting and dynamic, and provides an opportunity to make a real difference. This innovative and fast-tracked course focuses on human clinical sciences and builds the foundational professional skills you'll need for a career in medicine, allied health or medical research.

Key features:

- This course is the ideal preparation for Macquarie's Doctor of Medicine (Macquarie MD) – or other graduate-entry medicine programs – as well as for further study in physiotherapy or for a career in a range of health and medical professions or research.
- You'll get to your career goal sooner by fast-tracking your studies – complete your bachelor degree in two years instead of three by using additional sessions in the summer and winter breaks.
- You'll have the option to receive targeted preparation for medical school admissions tests and interviews.
- You'll build practical technical skills using the latest simulation technology and through working with human anatomical specimens.

Career opportunities: After further studies, options include health and medical researcher, health policy designer or health planner, pharmaceutical or biotechnology specialist, dentist, doctor, physiotherapists, and veterinary surgeon.

Doctor of Medicine	7.0 overall 7.0 in each band	February	4 years	\$74,000	Australian bachelor's qualification or recognised equivalent with a minimum GPA of 5.0 out of 7.0, a minimum MCAT score of 500 and recent successful completion of specified prerequisite units at tertiary level	095798D

The Macquarie University Doctor of Medicine (Macquarie MD) is a new program embedded within an established University that has a culture of transformative learning, and within MQ Health – an academic health sciences centre that integrates patient-centred clinical care, teaching and research.

The Macquarie MD:

- Teaches students in an environment where learning is fully integrated with outstanding patient-centred clinical care and active health and medical research. This environment is MQ Health, Australia's first university-led and operated teaching hospital and academic health sciences centre.
- Provides students with a quality-assured international education, which recognises the value of international study abroad for learners, society and the healthcare system.
- Aims to graduate culturally responsive, engaged, globally aware medical professionals, who understand the health systems they work within; have respect for, and sensitivity towards, the cultural needs of diverse populations, including Indigenous Australians; and are aware of the impact of their own culture and values on their medical practice.
- Refer to courses.mq.edu.au for more information on entry requirements for the Doctor of Medicine.

Career opportunities: Medical doctor, medical researcher, medical educator and consultant.

Medicine and health

Postgraduate degree	Academic IELTS	Intake	Duration	Annual fee [~]	Entry requirements [‡]	CRICOS code
Doctor of Physiotherapy 	7.0 overall 7.0 in each band	July	3 years	\$51,000	Australian bachelor's qualification or recognised equivalent with a GPA of 4.5 out of 7.0, and recent successful completion of specified prerequisite units at tertiary level	075265K
PATHWAY TO AUSTRALIAN HEALTH PRACTITIONER REGULATION AGENCY (AHPRA) REGISTRATION This course – the only three-year masters-level professional-entry physiotherapy degree in New South Wales – will develop your skills so that when you graduate you're able to work with individuals across their lifespan to optimise their physical function. You'll learn to effectively assess, diagnose and treat individuals with a wide range of health conditions. You'll also learn how to encourage people to change their behaviour and self-manage their conditions to maximise their physical health. This degree is accredited with the Australian Physiotherapy Council and approved by the Physiotherapy Board of Australia, meaning that as a graduate, you're eligible to apply for registration with the Australian Health Practitioner Regulation Agency (AHPRA).						
Key features: <ul style="list-style-type: none"> Our combination of coursework with more than 1000 hours of supervised clinical practice means that you'll graduate career ready with the skills to effectively assess, diagnose, treat and educate people with movement disorders. You'll learn from leading physiotherapy academics, researchers and clinicians. You'll have access to state-of-the-art specialised teaching facilities that simulate authentic clinical environments, such as a rehabilitation gym and a clinic. 						
Career opportunities: Employment in aged care, community care, private practice, public and private hospitals, sporting teams, and others.						
Master of Chiropractic 	6.5 overall 6.0 in each band	February	2-3 years	\$43,000	Australian bachelor's qualification in a related field or recognised equivalent with a WAM of 50, including study in anatomy and physiology	084699J
This rigorous course will prepare you for a rewarding career in one of the largest primary health professions. As a graduate, you'll be equipped with the full diagnostic and clinical management knowledge and skills you need to work in private practice, chiropractic sports medicine, allied health areas, health insurance assessment, medico-legal advising, work health and safety, rehabilitation and research.						
Key features: <ul style="list-style-type: none"> Successful completion of this course ensures you're eligible for registration in both Australia and New Zealand (which may involve additional English language requirements). You can undertake additional examinations to practice in other countries. You'll undertake a year-long internship at one of Macquarie's chiropractic clinics. You'll learn how to run a practice, operate X-ray equipment and practice spinal manipulation. 						
Career opportunities: Employment in chiropractic sports medicine, consultancies in allied health areas, private practice, rehabilitation and research.						
Master of Clinical Audiology	7.0 overall 7.0 in each band	February	2 years	\$51,000	Australian bachelor's qualification or recognised equivalent with a WAM of 65	027373D
Master of Public Health 	6.5 overall 6.0 in each band	February, July	1.5-2 years	\$34,400	Australian bachelor's qualification or recognised equivalent with a WAM of 65	090596K

MAKE AN IMPACT ON GLOBAL HEALTH

This innovative, interdisciplinary and future-focused course will prepare you for a dynamic career dedicated to preventing disease, promoting health and addressing health-related issues in our globalised world. You'll gain in-depth knowledge and understanding of the importance of public health; and skills in leadership, teamwork and innovation; as well as practical skills that are essential to public health practice.

Key features:

- You'll learn how to explain and apply concepts, methods and tools of public health data collection, analysis and interpretation; and you'll develop the evidence-based reasoning and informatics approaches essential to public health practice.
- You'll become skilled at evaluating and applying advanced population health concepts, and the processes, approaches, and interventions that identify and address the major health-related needs and concerns of populations, including Aboriginal and Torres Strait Islander peoples.
- You'll learn how to implement and manage specialised projects, including planning, budgeting, resourcing, assessment and evaluation.
- You'll receive in-depth training in areas essential to modern public health practice, such as health systems, environmental health, global health, interdisciplinary teamwork and advocacy.

Career opportunities: Environmental health specialist, epidemiologist, health and safety engineer, health informatics specialist and public health officer.

^o Selection rank is based on the Australian Tertiary Admission Rank (ATAR) for students completing an Australian senior secondary qualification.

See pages 92-94 for conversions to qualifications in your country or visit mq.edu.au/academic-requirements

[~] These fees are indicative only and may change.

* For the Bachelor of Clinical Science, the first year fee is \$74,760 and the second year fee is \$53,000. This fee difference is due to the bigger study load in the first year. The fee displayed is the average annual fee.

[‡] The entry requirement listed is applicable to the longest course duration. Entry requirements vary based on the admission point/duration that you choose. There might be alternative ways to meet the entry requirements. For more information visit courses.mq.edu.au

Psychology and cognitive science

When you study psychology and cognitive science at Macquarie, you'll expand your thinking and your employment potential due to our broad and interdisciplinary approach to learning. We're home to first-class facilities used to explore the mind, brain and behaviour via brain imaging and brain stimulation, virtual reality, eye and body movements, hypnosis and simulated environments, to name a few. We also run clinics for the community, including the Centre for Emotional Health Clinic, Reading Clinic, Psychology Clinic and eCentreClinic – facilities that will support your training as a future psychologist or cognitive scientist. Our research and clinical practice help thousands of people living with emotional, psychological and cognitive conditions, including anxiety, depression, dementia, dyslexia and schizophrenia.

ACCESS TO EXPERTS FROM AROUND THE WORLD

This course brings together studies in risk, IT, finance, law, governance and policing, providing you with a multidisciplinary skill set that will enable you to lead more effective responses to security challenges. You'll also benefit from our close collaboration with Optus and other major companies in the Optus Macquarie University Cyber Security Hub.

Key features:

- You'll have access to experts from multiple disciplines, each of who has complementary practical experience in cyber security.
- Simulated learning, which reproduces the multidisciplinary expert panels that are employed by government and industry in response to cyber security threats, will enable you to develop your technical skills.
- This course is unique in that it is theoretically grounded, but also highly practical due to close interaction with our key technology partners.

Career opportunities: Cyber security analyst, network consultant, network security consultant, policy officer, risk analyst, security specialist, and solutions architect

Macquarie has a proud tradition of discovery and innovation. Although relatively young, we enjoy an enviable reputation for research excellence.

Higher degree research

CHANGE YOUR FUTURE

We are ranked among the highest-performing research universities in Australia. In the most recent Excellence in Research for Australia (ERA) evaluation, 100 per cent of our research activity was rated as performing at world standard or above.

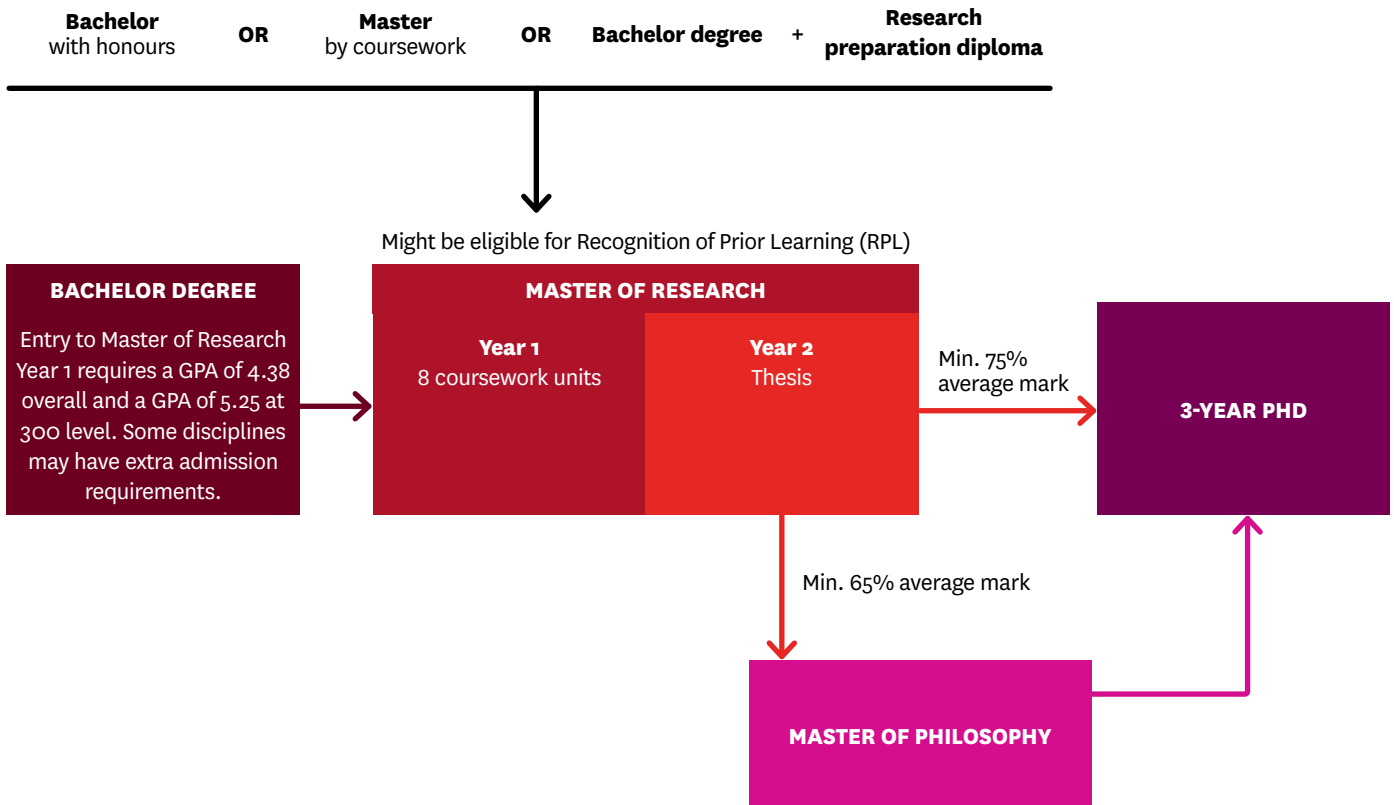

By undertaking a research degree at Macquarie, you will have the opportunity to make an important contribution to the development of new knowledge in society, work alongside some of the world's leading researchers and access some of the region's most outstanding facilities.

RESEARCH DEGREES	
<p>MASTER OF RESEARCH</p> <p>Regarded by the Australian Council of Learned Academies (ACOLA) as the most innovative research pathway model, the Master of Research (MRes) prepares you to complete a PhD in three years – well short of the national average.</p> <p>PROGRAM STRUCTURE</p> <p>The two-year course is available in all of Macquarie's research areas, and, subject to academic approval, allows you to construct a course relevant to your specific interests.</p> <p>In the first year, you'll undertake advanced coursework units, while during the second year you'll specialise in research preparation and focus on a specific research topic. You are required to submit a thesis of 20,000 words for completion.</p>	<p>mq.edu.au/mres</p> <p>ADMISSION REQUIREMENTS</p> <p>This course requires a bachelor degree from a recognised institution with a minimum overall GPA of 4.38 on a 7 point scale and GPA of 5.25 at 300 level, although some disciplines may have extra admission requirements.</p> <p>If you hold an honours or masters degree, you may apply for Recognition of Prior Learning (RPL) (the equivalent of Year 1). This may allow you to complete the Master of Research in less than two years. Upon successful completion, you may be eligible to progress to one of Macquarie's research courses: the Master of Philosophy or the Doctor of Philosophy.</p>
<p>MASTER OF PHILOSOPHY</p> <p>PROGRAM STRUCTURE</p> <p>The period of candidature is two years, full-time equivalent. You are required to submit a thesis of 50,000 words for completion.</p>	<p>mq.edu.au/master-of-philosophy</p> <p>ADMISSION REQUIREMENTS</p> <ul style="list-style-type: none"> completed Macquarie's Master of Research with at least 65 per cent in Year 2 OR completed a masters degree (at least two years) from another institution with a major research component (around 50 per cent thesis, approximately 20,000 words) at credit level (65 per cent or greater)
<p>DOCTOR OF PHILOSOPHY (PHD)</p> <p>PROGRAM STRUCTURE</p> <p>The period of candidature is three years, full-time equivalent. You are required to submit a thesis of 75,000 to 100,000 words for completion, depending on the discipline.</p>	<p>mq.edu.au/doctor-of-philosophy</p> <p>ADMISSION REQUIREMENTS</p> <ul style="list-style-type: none"> completed Macquarie's Master of Research with at least 75 per cent in Year 2 OR completed a Master of Philosophy OR completed a masters degree (at least two years) from another institution with a major research component (around 50 per cent thesis, approximately 20,000 words) at distinction level (75 per cent or greater)
<p>JOINTLY SUPERVISED PHD PROGRAMS</p> <p>Macquarie's global perspective is at the heart of everything we do. We prioritise deep, continuing relationships with international universities through joint research candidate supervision.</p>	<p>mq.edu.au/cotutelle-and-joint-phd</p> <p>RESEARCH TRAINING PARTNERSHIPS</p> <p>Macquarie is proud to have high-quality research training partnerships with universities in Asia, the UK, Europe, and North and South America: since 2007, we have hosted more than 300 cotutelle and joint PhD candidates from more than 110 universities in more than 30 countries.</p>

Macquarie University International College

Macquarie University International College (MUIC) Standard Foundation, Intensive and Diploma programs build your skills and knowledge so you are ready to enter the first or second year of an undergraduate course.

You can do English language studies if you need it, complete your Diploma, Standard Foundation or Intensive program, followed by your preferred Bachelor course, all on the same familiar campus.

We know you are an individual with your own way of learning, so we teach in small classes with extra support. We aim to get to know you, and then help you find your personal road to success in the fastest way possible.

 Find out more at mq.edu.au/college

TOP 3 REASONS TO CHOOSE MACQUARIE UNIVERSITY INTERNATIONAL COLLEGE

Unique seven-week teaching term provides for a fast-tracked education.

We guarantee you will get a place in the Macquarie undergraduate course of your choice on successful completion*.

You will be taught by some of Australia's best lecturers, many of whom also teach Macquarie University undergraduate courses.

Pathways to a Macquarie University degree

As a Macquarie University International College student, you can complete your Diploma, Standard Foundation or Intensive program*, then continue straight into an undergraduate course on the same familiar campus.

*Provided the program has been successfully completed and all entry requirements for the bachelor course have been met.

+You can be 16 at the time you apply but must be 17 at the time of commencing the pathway program.

#For full details of English and academic entry requirements, visit mq.edu.au/english-requirements and mq.edu.au/academic-requirements

NOTE: The Standard Foundation Program meets the requirements for foundation programs which have been registered on CRICOS for delivery to overseas students for the purpose of entry to undergraduate study.

Strong English language skills will enhance your academic studies, impact positively on your personal and professional growth, and boost your network-building and future career opportunities. Macquarie University English Language Centre has been instrumental in helping students improve their English language skills for close to 30 years.

English Language Centre

ENGLISH LANGUAGE PROGRAMS

If you require further English language study before you commence your degree at Macquarie University or Macquarie University International College, or if you simply wish to improve your language skills and you're keen to meet other international students, the English Language Centre (ELC) is here to help you achieve your goals.

You can apply to have your English language program and degree included in one packaged offer with competitive pricing. You can also include Standard Foundation, Intensive or Diploma programs in this package. This gives you the benefit of a reserved place in your chosen study plan.

ELC programs

The English Language Program is offered in 5-week teaching blocks over the course of a year, organised around electives of General English, Academic English and Direct Entry. Students are placed in an elective based on their individual language level and/or intended progression to Macquarie University. Successful students will articulate into the University's Foundation Program, Intensive Program, Diplomas, Bachelor or Master Degrees if they meet the specified language level for the relevant program.

ACADEMIC ENGLISH | 5-20 WEEKS

Our 4 levels of Academic English (A1-A4) are designed for students from intermediate to advanced level. Depending on your English level and your goals, you can study Academic English for 5-20 weeks. These programs prepare you for academic interactions and study by introducing you to the spoken and written texts and skills you will need for success at university.

CRICOS CODE: 097293B

DIRECT ENTRY TO MACQUARIE UNIVERSITY DIPLOMA AND FOUNDATION PROGRAMS

FOUNDATION DIRECT ENTRY | 10 WEEKS

This program develops the language and academic skills needed to succeed in Foundation through engaging academic content as well as project work. During this program, you will have the opportunity to make new friends and use your English outside the classroom to complete group projects. You will also learn to write academic essays, analyse and describe data, understand lectures, take notes, give oral presentations and work collaboratively.

CRICOS CODE: 097293B

DIPLOMA DIRECT ENTRY | 10 WEEKS

This program develops the language and academic skills needed to succeed at Diploma level through engaging academic content as well as project work. This program is also designed to prepare students for the Intensive Program. During this program, you will have the opportunity to make new friends and use your English outside the classroom to complete group projects. You will also learn to write academic essays, analyse and describe graphs, understand lectures and take notes, and participate in academic debates.

CRICOS CODE: 097293B

DIRECT ENTRY TO MACQUARIE UNIVERSITY DEGREES

DIRECT ENTRY PROGRAM | 10 WEEKS

This Direct Entry program is designed for students entering a Macquarie University degree. In this program, you will develop your English language and academic skills to help you become a resourceful and autonomous learner. You will engage with content and tasks that promote your critical thinking, problem solving and discussion skills through collaborative project work. You will also develop skills related to your chosen field through discipline-specific themes and assessments.

Specifically, this Direct Entry program will help you to:

- communicate effectively in social and academic settings
- improve your vocabulary, grammar and pronunciation skills
- develop your academic writing skills through essay, report and project writing tasks
- lead and participate actively in academic discussions
- enhance your reading, listening and note-taking skills
- follow academic conventions such as in-text citations and referencing
- think critically and develop your ability to reflect on your learning.

CRICOS CODE: 097293B

INTENSIVE PREPARATION PROGRAM | 5 WEEKS

This program is designed for students who are already very close to meeting the University’s English entry requirements for their chosen degree or who have a full offer to their degree course and wish to refresh their English and academic skills. You will study the language and skills related to your chosen field with classmates who are also at this level. Be prepared for fascinating discussions and knowledge-sharing with other high-achieving students.

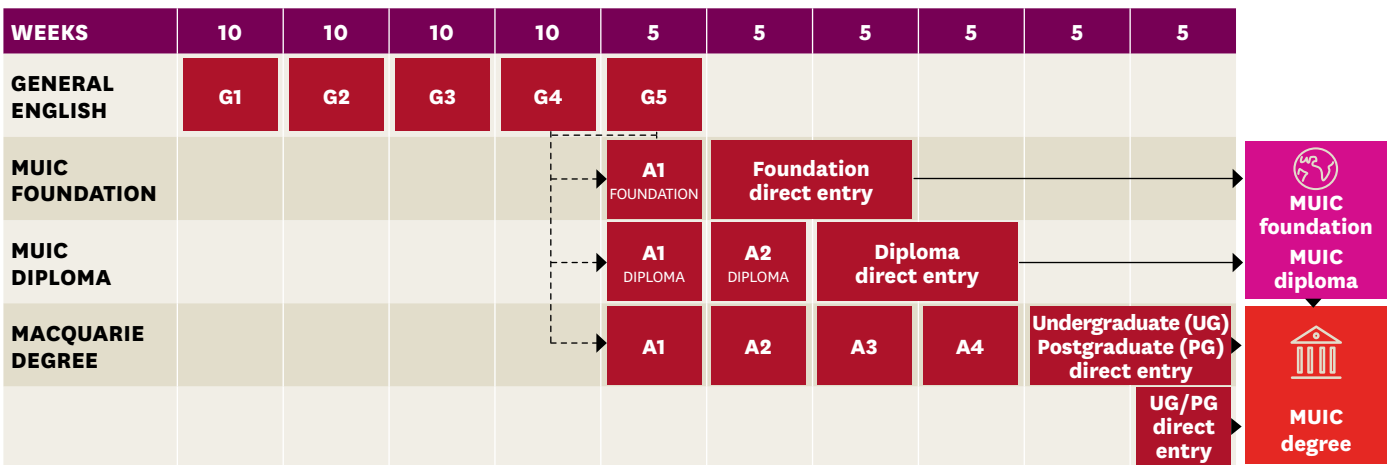

CRICOS CODE: 097293B

INTRODUCTORY ACADEMIC PROGRAM | 4 WEEKS

This short program is designed for Australia Awards Scholarships students who have a full offer to Macquarie University. It introduces you to the academic culture and helps you develop the skills required for academic success in your chosen field. You will learn about the Australian academic culture and expectations, and you will further develop your academic reading, writing, listening and speaking skills using the latest digital learning technology.

CRICOS CODE: 097293B

Which ELC program is right for you?

How many weeks of English do I need?

The table below is an estimate of the number of weeks of English you may need. All five scores (Overall, Listening, Reading, Writing and Speaking) are considered when recommending the length of English study needed. To make it easy for you, we will be able to recommend the number of weeks required when you submit your application.

CURRENT SCORE (OVERALL)			NUMBER OF WEEKS TO REACH REQUIRED IELTS SCORE (OVERALL)				
IELTS	TOEFL / iBT	PEARSON (PTE)	5.5	6.0	6.5	7.0	7.5
4.0	44	30	30-40	40-50	50+	50+	50+
4.5	52	35	20-30	30-40	40-50	50+	50+
5.0	60	41	10-20	20-30	30-40	40-50	50+
5.5	66	49	1-10	10-20	20-30	30-40	40-50
6.0	73	50		1-10	10-20	20-30	30-40
6.5	83	58			1-10	10-20	20-30
7.0	100	65				1-10	10-20

Our students come from diverse backgrounds and bring a range of qualifications and perspectives that makes study at Macquarie an exciting experience.

Undergraduate academic entry requirements

WHAT QUALIFICATIONS DO YOU NEED?

UNDERGRADUATE

For direct admission into an undergraduate (bachelor) course, you will need one of the following qualifications:

- a recognised high school qualification or university entrance exam – see the following page for a selection of accepted qualifications
- a recognised university foundation course – we accept foundation courses from most Australian universities, as well as from some approved international providers
- a recognised two or three year diploma deemed equivalent to Australian diploma or advanced diploma level
- at least one year of a university degree from a recognised institution deemed equivalent to Australian bachelor or master degree level

WHAT'S A SELECTION RANK?

Macquarie uses a selection rank to determine the minimum eligibility requirements for each undergraduate course. This rank is converted into the minimum score you need to achieve in your qualification to be considered for entry.

CONVERT YOUR SCORE

The table on the following page provides conversions for a selected list of overseas qualifications. Information on other accepted qualifications can be found at mq.edu.au/academic-requirements

For more information on how scores are calculated for your qualification, see next page.

DON'T MEET THE REQUIREMENTS?

If you haven't quite met the requirements for your selected course, don't worry. We offer a range of pathway programs to suit your needs. Macquarie University International College can help prepare you for success in a Macquarie course and beyond. For more information, see pages 88-89 or visit mq.edu.au/college

● Double degree options exist for this course. Minimum entry scores for double degrees align with the higher requirement of the two single degrees.

● Degree has a choice of major or specialisation.

* The Bachelor of Education (Primary) and Bachelor of Education (Secondary) are only available as double degrees with the Bachelor of Arts or Bachelor of Science. If you already hold a bachelor degree and are interested in a teaching qualification, please refer to the Master of Teaching (Primary) or Master of Teaching (Secondary).

^ Entry to Bachelor from this qualification applies to selected schools only.

Visit mq.edu.au/academic-requirements for further accepted qualifications

HOW SCORES ARE CALCULATED

GLOBAL

GCE A-Levels

Scores for the UK and international versions of the General Certificate of Education Advanced Level Examinations (GCE A-Levels) are calculated based on the aggregate of the three best A-level subjects using the following conversions: A* = 6, A = 5, B = 4, C = 3, D = 2, E = 1. At least two subjects must have been taken in the same academic year, and the third may be from the preceding or following academic year.

Both UK and international versions of A-levels are calculated using this table, including those administered by Cambridge International Examinations (CIE), Pearson Education International (Edexcel), and Oxford International AQA Examinations. A-Levels for Singapore and Sri Lanka are assessed using different tables.

GLOBAL

IB

Scores for the International Baccalaureate (IB) are calculated based on the final aggregate result for 6 subjects, including any bonus points from Theory of Knowledge subject and Extended Essay. This must include one subject from each of Groups 1-5 (Language & Literature; Language Acquisition; Individuals and Societies; Sciences; and Mathematics), and a sixth subject from either Group 6 (Arts) or a second selection from Groups 1-5. A minimum of 3 subjects must be completed at Higher Level (HL), with the remainder at Standard Level (SL).

AUSTRALIA

HSC

Scores for the Australian High School Certificate (HSC) from New South Wales (or equivalent qualifications from other state boards) are based on the Australian Tertiary Admissions Rank (ATAR).

AUSTRALIA

Australian Foundation

Scores for Australian Foundation programs recognised by Macquarie University are calculated based on the overall final result out of 10.0 or by converting percentage marks to a 10-point scale. For entry to some degree programs, students may need to have successfully completed suitable Mathematics or other specified subjects as part of their foundation program.

Accepted foundation programs include:

- Macquarie University Foundation or Intensive Program*
- ANU College Foundation Studies Program
- Monash College Foundation Year
- University of Adelaide College Foundation Studies
- University of Melbourne - Trinity College Foundation Studies
- University of Queensland - IES College Foundation Year
- University of Sydney - Taylors College Foundation Program
- University of Western Australia - Taylors College Perth Foundation Program
- UNSW Global Foundation Program (Standard and Transition)
- Western Australian Universities' (TISC) Foundation Program
- UTS:INSEARCH Foundation Studies Program.

* See handbook.mq.edu.au for required scores to articulate to degree programs.

CANADA

AHSD

Scores for the Canadian Alberta High School Diploma (AHSD) are calculated as an average of the final official mark for the best 4 examined Level 30 subjects including English Language Arts 30.

CANADA

BCCG

Scores for the Canadian British Columbia Certificate of Graduation (BCCG) are calculated as an average of final marks of the four best Grade 12 Ministry-developed subjects including English 12.

CANADA

OSSD

Scores for the Canadian Ontario Secondary School Diploma (OSSD) are calculated as an average of the six best Grade 12 subjects including English - ENG4U. Subjects must be designated with a U (university preparation), M (university/college preparation), or Z (university-delivered dual credit).

CHINA

Gao Kao

Scores are based on the final Chinese National Entrance Examination (Gao Kao) score out of 750. Total scores and requirements are different for 3 provinces: Hainan, Jiangsu and Shanghai.

DENMARK

Danish USSE

Scores for the Danish Upper Secondary School Examination Certificate (USSE) are based on the final examination result of the Studentereksamen (STX) or Højere Forberedelseseksamen (HF).

EUROPE

European Baccalaureate

Scores for the European Baccalaureate (EB) are based on the Overall Grade for all subjects reported on the final official result certificate.

FIJI

Fijian Year 13 Certificate

Scores for the Fijian Year 13 Certificate are based on the aggregate scores for the 4 best subjects including English. Subject grades are converted as A=80, B=65, C=50 or 1-2=80, 3-4=65, 5-6=50.

FINLAND

Finnish Matriculation Examination Certificate

Scores for the Finnish Matriculation Examination Certificate are calculated based on the average score of the 4 best subjects using the following conversions: laudatur = 7, eximia cum laude approbatur = 6, magna cum laude approbatur = 5, cum laude approbatur = 4, lubenter approbatur = 3, approbatur = 2, improbatur (fail) = 0.

FRANCE & OTHER

French Baccalaureate

Scores are calculated based on the overall grade in the Diplôme du Baccalauréat Général (French Baccalaureate).

GERMANY

Abitur / Fachhochschulreife

Scores are calculated based on the overall grade average (Durchschnittsnote) of the Abitur or Fachhochschulreife.

GREECE

Veveiiasi Prosvasis

Scores for the Greek Veveiiasi Prosvasis (Certificate of Access) examinations are based on the General Admission Grade (out of 20) for all subjects.

HONG KONG

HKDSE

Scores for the Hong Kong Diploma of Secondary Education (HKDSE) are calculated based on the aggregate of the five best Category A and C subjects - Category B subjects are not considered.

Category A (Senior Secondary) subjects include the 4 compulsory core subjects (Chinese, English, Liberal Studies, and Mathematics) and a choice of elective subjects. Category B subjects are Applied Learning electives, and Category C subjects are for Other Languages (French, German, Japanese, Spanish, Hindi, and Urdu).

Points for all subjects are calculated using the following score conversions: 5**/5* = 6, 5 = 5, 4 = 4, 3 = 3, 2 = 2, 1 = 1.

HUNGARY

Hungarian Matriculation Certificate

Scores for the Hungarian Matriculation Certificate (Gimnaziumi Errettsegi Bizonyitvány) are calculated based on the overall average grade on the examination results using the following conversions: Excellent/Very Good (Jeges) = 5, Good (Jo) = 4, Fair/Average (Kozepes) = 3, Satisfactory/Pass (Elegseges) = 2, Fail (Elegtelen) = 1.

INDIA

AISSC

Scores for the All India Senior School Certificate (AISSC) awarded by the Central Board of Secondary Education (CBSE) are calculated based on the average marks of the best four externally examined academic subjects.

INDIA

HSSC

Scores for the Indian Higher Secondary School Certificate (HSSC) from state boards are calculated based on the average marks for all subjects.

INDIA

ISC

Scores for the Indian School Certificate (ISC) awarded by the Council for Indian School Certificate Examinations (CISCE) are calculated based on the average marks for English and the three best academic elective subjects.

INDONESIA

SMA

Scores for the Ijazah Sekolah Menengah Atas (SMA) are calculated based on the average of the final marks (out of 100) of all Grade 12 subjects. Assessment for Bachelor entry applies to selected schools only.

IRELAND

Ardteistimeireacht

Scores for the Irish Leaving Certificate (Ardteistimeireacht) are calculated based on an aggregate of the 6 best subjects, including a minimum of 4 higher level subjects. Grades are converted using the following system: Higher level subjects A1 = 100, A2 = 90, B1 = 85, B2 = 80, B3 = 75, C1 = 70, C2 = 65, C3 = 60, D1 = 55, D2 = 50 and D3 = 45; Ordinary level subjects A1 = 60, A2 = 50, B1 = 45, B2 = 40, B3 = 35, C1 = 30 and C2 = 25.

ISRAEL

Teudat Bagrut

Scores for the Israeli Matriculation Certificate (Teudat Bagrut) are calculated based on the average of all subjects. Grades are calculated using the following conversions: 95-100 = 10, 85-94 = 9, 75-84 = 8, 65-74 = 7, 55-64 = 6, 45-54 = 5, 0-44 = 4.

ITALY

Esame di Stato

Scores for the Italian High School State Exam (Esame di Stato) are calculated using the overall grade out of 100. Only the Classical, Scientific, and Foreign Languages (classica, scientifica, or linguistica) options are accepted.

JAPAN

Japanese National Center Test

Scores for the Japanese National Center Test (大学入試センター試験) are calculated using the average of the 7 best subjects' Hensachi scores. The Center Test results are considered together with evidence of successful completion of the Upper Secondary School Graduation Diploma (Kotogakko Sotsugyo Shomeisho or 高等学校卒業証書).

KENYA

KCSE

Scores for the Kenyan Certificate of Secondary Education (KCSE) are calculated based on the aggregate score of the best 7 subjects using the following conversions: A = 12, A- = 11, B+ = 10, B = 9, B- = 8, C+ = 7, C = 6, C- = 5, D+ = 4, D = 3, D- = 2, E = 1.

LEBANON

Baccalauréat Libanais

Scores for the Baccalauréat Libanais (Lebanese General Secondary Certificate or **دبلوم اعلیٰ ثانوی**) are calculated out of 20 based on the overall grade for all subjects (ie, marks achieved / maximum marks * 20).

MALAYSIA

Matrikulasi

Scores are based on the completed Malaysian Matrikulasi Cumulative Grade Point Average (CGPA) using the following scoring system: A = 4.0, A- = 3.67, B+ = 3.33, B = 3.0, B- = 2.67, C+ = 2.33, C = 2.0, C- = 1.67, D+ = 1.33, D = 1.0, and F = 0.0.

MALAYSIA

STPM

Scores for the Sijil Tinggi Persekolahan Malaysia (STPM) are calculated based on the aggregate of the best 3 or 4 subjects out of a possible 5 subjects. Scores are calculated using the following conversions: A = 7, A- = 6, B+ = 5, B = 4, B- = 3, C+ = 2, C = 1, C- = 0, D+ = 0, D = 0, F = 0.

MALAYSIA

UEC

Scores for the Malaysian Unified Examination Certificate (UEC) are calculated based on the average of the 4 compulsory subjects (Chinese, Malay, English and Mathematics) and the best 4 other subjects using the following conversions: A1 = 1, A2 = 2, B3 = 3, B4 = 4, B5 = 5, B6 = 6, C7 = 7, C8 = 8, F9 = 9.

NEPAL

HSEC

Scores for the Nepalese Higher Secondary Education Certificate (HSEC) awarded by the Higher Secondary Education Board before 2018 are calculated based on the overall average of all year 11 and 12 subjects. From 2018, scores are calculated based on the cumulative GPA (CGPA) of all year 11 and 12 subjects.

NORWAY

USSE

Scores for the Upper Secondary School Examination Certificate (USSE) are calculated based on the average grade for all subjects. This assessment only applies for the Vitnemål fra den videregående skole, Vitnemål for videregående opplæring, or Examen Artium.

SCOTLAND

Scottish National Courses

Scores for the Scottish National Courses are calculated based on the aggregate score of the best 4 Higher and Advanced Higher Level courses using the following conversions: Higher Level: A=3, B=2, C=1, D=0; Advanced Higher Level: A=5.5, B=4.5, C=3.5, D=2.5.

SINGAPORE

Singapore A-Levels

Scores for the Singapore-Cambridge Advanced Level Examinations (Singapore A-Levels) are calculated based on the aggregate of a maximum of the three best H1 subjects, the three best H2 subjects, and best H3 subject using the following conversions: H1 subjects: A = 2.5, B = 2, C = 1.5, D = 1, E = 0.5; H2 subjects: A = 5, B = 4, C = 3, D = 2, E = 1; H3 subjects: Distinction = 2.5, Merit = 1.5, Pass = 1. Up to one additional H2 or H3 subject may be taken into account for some applicants.

SOUTH AFRICA

NSC

Scores for the South African National Senior Certificate (NSC) are calculated using the average grade of the best 4 examination subjects, excluding Life Orientation. Candidates must have been awarded the NSC and met the minimum requirements for admission to higher education in South Africa.

SOUTH KOREA

CSAT

Scores for the Korean College Scholastic Ability Test (CSAT) are calculated based on the sum of the Stanine / Grades for either (a) Mathematics and the best two other subjects if the intended Macquarie degree program requires an assumed knowledge of Mathematics, or (b) the three best subjects. Only the following subjects are considered: Language Arts (Korean), English, Investigation subjects (Social Studies or Science options only), and Second Foreign Language subjects. CSAT results must be accompanied by evidence of successful completion of senior secondary studies.

SRI LANKA

Sri Lankan A-Levels

Scores for the Sri Lankan General Certificate of Education Advanced Level Examinations (Sri Lanka A-Levels) are calculated on the basis of the best three subjects using the following conversions: A = 4, B = 3, C = 2, S = 1, F = 0.

SWEDEN

Slutbetyg

Scores for the Swedish Upper Secondary School Leaving Certificate (Slutbetyg från Gymnasieskolan) are based on the average grade for all subjects using the following conversions: A=20, B=17.5, C=15, D=12.5, E=10, F=0.

SWITZERLAND

Swiss Federal Maturity Certificate

Scores for the Swiss Federal Maturity Certificate are calculated based on the aggregate score for all 12 subjects and the Maturity Project.

TAIWAN

GSAT

Scores for the Taiwanese General Scholastic Aptitude Test (GSAT) are calculated based on the total score of the five examined subjects: Chinese, English, Mathematics, Social Sciences, and Natural Sciences. GSAT results must be accompanied by evidence of successful completion of senior secondary studies.

TANZANIA

ACSE

Scores for the Tanzanian Advanced Certificate of Secondary Education (ACSE) are calculated based on the aggregate of the best 4 subjects at Advanced (A2) or Principal Level using the following conversions: A=5, B=4, C=3, D=2, E=1.

THAILAND

Mathayom 6

Scores for the Mathayom 6 are calculated based on the weighted average (out of 4.0) of all Grade 12 subjects.

UGANDA

ACE

Scores for the Ugandan Advanced Certificate of Education (ACE) are calculated based on the aggregate of the best 4 subjects at Advanced (A2) or Principal Level using the following conversions: A=5, B=4, C=3, D=2, E=1.

USA

ACT

Scores are calculated based on the American College Test (ACT) composite score out of a maximum of 36. The ACT is only considered together with evidence of successful completion of senior high school.

Applicants who have completed Advanced Placement (AP) subjects may be considered for credit towards the first year of study at Macquarie.

USA

SAT (from 2016)

Scores are calculated based on the Scholastic Aptitude Test (SAT) total score out of a maximum of 1600. The SAT is only considered together with evidence of successful completion of senior high school.

Applicants who have completed Advanced Placement (AP) subjects may be considered for credit towards the first year of study at Macquarie.

VIETNAM

Upper Secondary Diploma

Scores are calculated based on the average of all Grade 12 subjects from the Vietnamese Upper Secondary Education Graduation Diploma (Bang Tot nghiep Trung hoc Pho thong). Assessment for Bachelor entry applies to selected schools only.

ZIMBABWE

ZIMSEC A-Levels

Scores for the Zimbabwean ZIMSEC General Certificate of Education Advanced Levels are calculated based on the aggregate of the best 4 subjects at Advanced (A2) or Principal Level using the following conversions: A=5, B=4, C=3, D=2, E=1.

Postgraduate academic entry requirements

WHAT QUALIFICATIONS DO YOU NEED?

POSTGRADUATE (COURSEWORK)

The course listings in this guide will note the specific entry requirements for our postgraduate (masters) coursework degrees. In most cases, entry requires a bachelor degree equivalent to or higher than level 7 on the Australian Qualifications Framework. For more information visit aqf.edu.au/aqf-levels

Our Admissions team will determine whether your bachelor degree meets the requirement when you apply to Macquarie.

Entry to some courses may require a degree in a specific or related field of study and/or a particular weighted average mark (WAM) out of 100.

WHAT'S A WAM?

A weighted average mark (WAM) represents your overall academic performance and is based on a percentage average (out of 100) of all your attempted study. The tables below provide indicative WAM conversions for common grading systems in your country.

MACQUARIE UNIVERSITY INDICATIVE WAM EQUIVALENCIES (100-POINT SCALE WHERE 50 IS THE MINIMUM PASS SCORE)					
COUNTRY	GRADING SYSTEM	WAM 50/MINIMUM ACCEPTED SCORE	WAM 55	WAM 60	WAM 65
Australia	Group A: 100-point scale where Pass = 50-64 and Credit = 65-74	50 (Pass average)	55 (Pass average)	60 (Pass average)	65 (Credit average)
	Group B: 100-point scale where Pass = 50-59 and Credit = 60-69	50 (Pass average)	53 (Pass average)	57 (Pass average)	60 (Credit average)
	Group C: 7-point GPA scale where Pass = GPA 4.0 and Credit = GPA 5.0	4.0 (Pass average)	4.3 (Pass average)	4.7 (Pass average)	5.0 (Credit average)
	Group D: 4-point GPA scale where Pass = GPA 2.0 and Credit = GPA 3.0	2.0 (Pass average)	2.2 (Pass average)	2.5 (Pass average)	2.7 (Credit average)
	Group E: 4-point GPA scale where Pass = GPA 1.0 and Credit = GPA 2.0	1.0 (Pass average)	1.3 (Pass average)	1.7 (Pass average)	2.0 (Credit average)
Bangladesh	Groups A: 4-point GPA where GPA 2.0 = Grade D or C	2.0 (C or D average)	2.2 (C or D average)	2.5 (C+ average)	2.7 (B- average)
	Group B: 4-point GPA where GPA 2.25 = Grade D	2.2 (D average)	2.4 (D/D+ average)	2.6 (D+/C average)	2.8 (C average)
Brazil	10-point scale where 5 is the minimum full pass	5.0 (médio / regular)	5.6 (médio / regular)	6.7 (médio / regular)	7.4 (médio superior / bom)
	10-point scale where 6 is the minimum full pass	6.0 (médio / regular)	6.4 (médio / regular)	6.9 (médio / regular)	7.3 (médio superior / bom)
Canada	Group A: 4-point GPA where GPA 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)
	Group B: Percentage where Grade C or Satisfactory is between 60-69%	60 (C average)	64 (C average)	69 (C+ average)	73 (B-/B average)
Chile	7-point scale where 4.0 is the minimum full pass	4.0 (suficiente)	4.3 (suficiente)	4.7 (suficiente)	5.0 (bueno)
China	Percentage where 60% is minimum pass	60 (及格 Pass)	64 (及格 Pass)	69 (及格 Pass)	73 (中 Good)
Colombia	5-point scale where 3.0 is the minimum full pass	3.0 (Satisfactorio)	3.2 (Satisfactorio)	3.5 (Bueno)	3.7 (Bueno)
France	Group A (Grande Écoles): 20-point scale where 10 is minimum full pass	10.0 (Passable)	10.5 (Passable)	11.0 (Passable)	11.5 (Passable)
	Group B (Other institutions): 20-point scale where 10 is minimum full pass	10.0 (Passable)	10.7 (Passable)	11.3 (Passable)	12.0 (Assez Bien)
Germany	Group A (non-Law Graduates): Reverse 5-point scale where 4.0 is minimum full pass (units graded out of 15)	4.0 (ausreichend)	3.7 (ausreichend)	3.3 (ausreichend)	3.0 (befriedigend)
	Group B (Law graduates): 18-point scale where 4 is minimum full pass	4 (ausreichend)	5 (ausreichend)	7 (befriedigend)	8 (befriedigend)
Hong Kong	4-point GPA where GPA 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)

MACQUARIE UNIVERSITY INDICATIVE WAM EQUIVALENCIES (100-POINT SCALE WHERE 50 IS THE MINIMUM PASS SCORE)					
COUNTRY	GRADING SYSTEM	WAM 50/MINIMUM ACCEPTED SCORE	WAM 55	WAM 60	WAM 65
India	Group A: Percentage where Grade C or Second Class Honours = 50%	50 (Second Class)	53 (Second Class)	57 (Second Class)	60 (First Class)
	Group B: 10-point system where Grade C = 5.0	5.0 (C average / Pass)	5.3 (C average / Pass)	5.7 (C average / Pass)	6.0 (B average / Above average)
Indonesia	4-point GPA where GPA 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (B- / BC average)	2.7 (B- / BC average)
Japan	Percentage where 60% is minimum pass	60 (ka (可) / C average)	64 (ka (可) / C average)	69 (ka (可) / C average)	73 (ryō (良) / B average)
Malaysia	Group A: 4-point GPA where minimum full pass is GPA 2.0	2.0 (C / PS2 average)	2.2 (C / PS2 average)	2.5 (C+ / PS1 average)	2.7 (C+ / PS1 average)
	Group B: Percentage where 50% = Grade C	50 (C / Credit average)	53 (C / Credit average)	57 (C / Credit average)	60 (B / Merit average)
Mexico	Percentage where minimum full pass is 70 (or 7.0 if scale is out of 10)	70 or 7.0 (Regular)	73 or 7.3 (Regular)	77 or 7.7 (Regular)	80 or 8.0 (Bien)
	Percentage where minimum full pass is 60 (or 6.0 if scale it out of 10)	60 or 6.0 (Suficiente)	64 or 6.4 (Suficiente)	69 or 6.9 (Suficiente)	73 or 7.3 (Regular)
Nepal	Group A: 4-point GPA where GPA 2.5 or 2.7 = 50% or higher	2.5 (C average / Second Division)	2.7 (C average / Second Division)	2.8 (C average / Second Division)	3.0 (B average / First or Second Division)
	Group B: 4-point GPA where GPA 2.0 = 50% or higher	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)
Nigeria	5-point GPA where GPA 3.0 = Lower Second Class	3.2 (C average / Lower Second Class)	3.4 (C average / Lower Second Class)	3.5 (B average / Upper Second Class)	3.7 (B average / Upper Second Class)
Pakistan	Group A: 4-point GPA where 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (C+/B- average)
	Group B: 4-point GPA where 2.5 = Grade C or C-	2.5 (C/C- average)	2.7 (C/C+ average)	2.8 (C+ average)	3.0 (B- average)
Philippines	Group A: Reverse 5-point GPA where 3.0 is minimum pass	3.0 (Pass / Competent)	2.8 (Fair / Competent)	2.5 (Fair / Good)	2.3 (Good)
	Group B: 4-point GPA where 1.0 is minimum full pass = 70% (Grade D)	1.0 (D average / Passing)	1.3 (D average / Passing)	1.7 (D average / Fair)	2.0 (C average / Satisfactory)
Saudi Arabia	Group A: 5-point GPA where GPA 2.0 = minimum full pass (Grade D or 60%)	2.0 (D / Pass average)	2.3 (D / Pass average)	2.7 (D+ / High Pass average)	3.0 (C / Good average)
	Group B: 4-point GPA where GPA 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)
	Group C: 100-point scale where minimum full pass = 60%	60 (D / Pass average)	64 (D / Pass average)	69 (D+ / High Pass average)	73 (C / Good average)
Singapore	Group A: 5-point GPA where GPA 2.0 = minimum full pass	2.5 (C+ average)	2.8 (C+ average)	3.0 (B- average)	3.3 (B- average)
	Group B: 4-point GPA where GPA 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)
South Korea	4.3 or 4.5-point GPA where GPA 2.0 = Grade C	2.5 (C+ average)	2.7 (B- average)	2.8 (B- average)	3.0 (B average)
Taiwan	4.3-point GPA where GPA 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)
Thailand	4-point GPA where 2.0 is minimum full pass	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)
UK	Percentage where Lower Second Class = 50%	50 (Lower Second)	53 (Lower Second)	57 (Lower Second)	60 (Upper Second)
USA	Group A: 4-point GPA where GPA 2.0 = Grade C	2.0 (C average)	2.2 (C average)	2.5 (C+ average)	2.7 (B- average)
	Group B: Percentage where Grade C or Satisfactory is between 60-69%	60 (C average)	64 (C average)	69 (C+ average)	73 (B- average)
Vietnam	10-point scale where 5.0 is minimum full pass	5.0 (Trung binh)	5.6 (Trung binh)	6.1 (Trung binh)	6.7 (Trung binh)

You must meet Macquarie's English language requirements to be eligible for a degree. You can satisfy these requirements in a number of ways depending on your circumstances.

English language requirements

WHAT LEVEL OF ENGLISH DO YOU NEED?

STANDARD ENGLISH

The Standard English language proficiency required for entry into most Macquarie University degrees is IELTS 6.5 with no less than 6.0 in each band (or equivalent). Some courses – including education, law and medicine – have higher requirements. You will find the required scores listed in the course tables in this guide.

The information listed below is based only on the Standard English language requirements.

WHAT YOU NEED TO MEET THE REQUIREMENTS

There are several ways you can meet the English language requirements. The most frequently used methods are:

- passing an approved English test at the required level
- holding a qualification from an approved country with English as the language of instruction
- completing an approved high school qualification with study in English.

DO MY TEST RESULTS MEET ENTRY REQUIREMENTS?

You have completed an approved English language test and have achieved the scores listed below.

You meet the Standard English proficiency requirements

TEST	OVERALL	LISTENING	READING	WRITING	SPEAKING
IELTS Academic English	6.5	6.0	6.0	6.0	6.0
TOEFL iBT (internet based)	83	12	13	21	18
Pearson Test of English (PTE) Academic	58	50	50	50	50
C1 Advanced	180	169	169	169	169
C2 Proficiency	180	169	169	169	169
Occupational English Test (OET)	B	B	B	B	B

IELTS TESTING ON CAMPUS

The Macquarie University IELTS Test Centre is one of the largest in Australia, offering the IELTS test as well as a range of IELTS preparation courses and IELTS practice material.

Conveniently located at Macquarie University's North Ryde campus, the IELTS Test Centre offers IELTS tests approximately twice per month. More than 15,000 students study with us annually.

Designed by experienced IELTS teachers and examiners, the interactive IELTS online and face-to-face IELTS intensive preparation courses will help you succeed in the IELTS test. The Centre's friendly staff will help you choose the best test preparation option for you.

ielts.mq.edu.au

DO I ALREADY MEET THE REQUIREMENTS WITHOUT SITTING FOR A TEST?**APPROVED COUNTRIES FOR ENGLISH AS THE LANGUAGE OF INSTRUCTION**

If you completed a qualification in one of the following countries:

American Samoa, Antigua and Barbuda, Australia, Bahamas, Barbados, Belize, Bermuda, Botswana, Canada, Cameroon, Cook Islands, Dominica, Falkland Islands, Fiji, Gambia, Ghana, Gibraltar, Grenada, Guyana, Ireland, Jamaica, Kenya, Kiribati, Lesotho, Liberia, Malawi, Maldives, Mauritius, Namibia, Nauru, New Zealand, Nigeria, Papua New Guinea, Philippines, Samoa, Seychelles, Sierra Leone, Singapore, Solomon Islands, South Africa, St Kitts and Nevis, St Lucia, Tanzania, Tonga, Trinidad and Tobago, Uganda, United Kingdom (including Northern Ireland), United States of America, Vanuatu, Zambia, Zimbabwe.

AND

the qualification is at senior secondary level or includes a minimum of one year of full-time study at tertiary level

AND

the language in which you undertook the qualification was in English

AND

you completed this study within **five** years of your commencement at Macquarie (some exceptions apply).

You meet the Standard English proficiency requirements

APPROVED QUALIFICATION

If you completed one of the qualifications listed below

AND

you achieved the minimum required score in the specified English subject, as listed at mq.edu.au/english-requirements

AND

you completed this qualification within **five** years of your commencement at Macquarie (some exceptions apply).

You meet the Standard English proficiency requirements

SECONDARY SCHOOL

International International Baccalaureate (IB)

Austria Maturity Certificate (Reifezeugnis/Reifeprüfungszeugnis/Matura/Maturazeugnis/Austrian High School Diploma)

Denmark Studentereksamen

Finland Upper Secondary School Certificate

Germany (Abitur or Fachhochschulreife) and DAAD

Hong Kong Diploma of Secondary Education (HKDSE)

Iceland Studentsprof

Malaysia STPM, SPM1119, or UEC

Netherlands VWO (pre-university education) or HAVO

Norway Vitnemal

Singapore Singapore-Cambridge GCE A-Levels

Sweden Avgångsbetyg/Slutbetyg

Switzerland Swiss Matura

United Kingdom GCE A-Levels, AS-Levels, or GCSE/O-Levels

DON'T MEET THE REQUIREMENTS?

If you don't meet the English requirements for entry to Macquarie, take the most direct route with an English preparation program at the Macquarie English Language Centre. You can request a packaged offer with English when you apply for admission. For more information, see pages 90-91.

You will receive the best quality language tuition, tailored to the course you will study at Macquarie. And because all your study will be on campus at Macquarie University, you will only need to apply for one student visa.

Visit mq.edu.au/english-requirements for more information

Get a taste of studying in Australia while also getting credit towards your home university degree.

Study abroad and exchange

THE EXPERIENCE OF A LIFETIME

When you study at Macquarie as an Exchange or Study Abroad student for one or two sessions, you can experience a world-class education at one of Australia's leading universities.

We offer a diverse and flexible study program with a range of courses in many different subject areas that will not only engage and inspire you, but will also help make your overseas university qualification stand out in the marketplace.

We have a selection of units that include practical or hands-on components so your learning isn't restricted to the classroom or even our campus.

Macquarie University will support you throughout your experience so you can be sure you're getting the most out of your time in Sydney.

WHAT IS STUDY ABROAD?

You enrol in the Study Abroad program for one or two semesters at Macquarie. You don't even have to be enrolled yet at a university in your home country. Macquarie offers a diverse and flexible Study Abroad program with a wide range of courses and subjects. You can choose to study a specialised certificate or mix and match from available units to suit your interests and ambition.

mq.edu.au/study-abroad

WHAT IS EXCHANGE?

If you are studying at one of our partner universities, you can choose to spend one or two semesters experiencing a world-class education on our beautiful campus, with support from both your home university and Macquarie.

mq.edu.au/exchange

WHAT ARE THE TUITION FEES?

STUDY ABROAD

Study Abroad students are required to pay a fee in advance that includes tuition and administration fees. Please speak to your university, provider or check the Macquarie University website for current fees.

EXCHANGE

Exchange students from Macquarie University's exchange partners do not need to pay tuition fees to Macquarie as you will pay the standard fees at your home institution.

“Studying abroad at Macquarie University was one of the best decisions of my life. Macquarie provides the opportunity to meet and make friends with students from all over the world. The facilities and staff are world class.”

Tommy Breen
USA

Are you ready to take the next step?
We look forward to welcoming you at Macquarie.

Frequently asked questions

WHAT YOU NEED TO KNOW

HOW DO I APPLY TO STUDY AT MACQUARIE UNIVERSITY?

The quickest way to apply to study at Macquarie is to use our Online Application Manager at admissions.mq.edu.au

If you would like some local help with applying, Macquarie has authorised representatives in most countries who can help you with the application process. To find the contact details for our authorised representatives, visit international.mq.edu.au/representatives

For more information about applying to Macquarie as an international student, visit mq.edu.au/international-how-to-apply

HOW DO I APPLY FOR A MACQUARIE UNIVERSITY SCHOLARSHIP?

We offer a wide range of scholarships for international students. If you would like to apply for a scholarship, you must first submit an application for the course you want to study.

When we receive your completed application we will issue you with a Macquarie Student Number, which is required for you to apply for any scholarship.

It's important to know that while you can apply for a scholarship once you have your student number, it won't be evaluated until you have received a full or packaged offer from us. For more information, visit mq.edu.au/international-scholarships

WHAT IS THE COST OF LIVING IN AUSTRALIA?

Your cost of living and studying in Australia will depend on the lifestyle you choose to lead. For a guide to calculating living expenses, visit mq.edu.au/cost-of-living

WHEN ARE THE APPLICATION DEADLINES AND WHEN DO CLASSES START?

For most courses there are no specific application deadlines; however, we recommend international students submit their application at least three months before the session commences. This will ensure there is sufficient time for the Admissions team to assess your application (typically five to 10 days) and, if successful, for you to accept your offer, apply for a student visa and make travel arrangements.

Some courses do have specific application deadlines, which are noted in the how to apply section of the relevant course information page.

For commencement and other key dates, visit mq.edu.au/important-dates

HOW DO I PLAN MY ARRIVAL AND ACCOMMODATION?

We can arrange accommodation either on or off campus, as well as help with travel planning and airport pick-ups. For more information, visit mq.edu.au/accommodation

HOW CAN I GET IN TOUCH?

If you have any questions, email or call us:

T: +61 2 9850 7346

E: study@mq.edu.au

Glossary of terms

WHAT DOES IT ALL MEAN?

CORE ZONE

This zone is compulsory and covers the specific disciplinary or professional requirements of the course.

COURSE

A course, also called a degree, is a qualification awarded by the university upon successful completion of a particular sequence of study. Some courses, like the Bachelor of Arts or Master of Commerce, require a major or specialisation to be completed as part of the degree.

CREDIT POINT

Each course requires a specified number of credit points to be completed in order to graduate. Each unit in a course is worth a certain number of credit points which reflects the amount of work required for that unit. One credit point equals around 15 hours of work, including class time.

CRICOS

The Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) is an Australian Government register that lists all Australian education providers and their approved courses of study which can be offered to overseas students for study in Australia on a student visa.

DOUBLE DEGREES

Double degrees involve studying two complementary or completely different degrees. Double degrees increase your career flexibility and can be completed faster than two single degrees by forgoing the Flexible Zone of each degree.

FLEXIBLE ZONE

This zone provides breadth to the course and is comprised of elective units.

FOUNDATION ZONE

This zone provides the foundational knowledge needed to succeed in the course if you are coming from a different disciplinary background.

IELTS

The International English Language Testing System (IELTS) is an English language test. IELTS test scores are one form of evidence of English language proficiency accepted by Macquarie.

MAJOR

A major is a focused sequence of study in a particular subject area within an undergraduate course, such as the Bachelor of Arts or Bachelor of Commerce. A major contains 8 units and you may be able to complete a double major in two different subject areas within a single degree.

PACE

PACE (Professional and Community Engagement) units are practical work-integrated learning units and may include internships, special projects and domestic or overseas travel experiences.

POSTGRADUATE

A postgraduate student is one who is studying a degree higher than a bachelor degree – such as a graduate certificate, graduate diploma, or master degree.

RECOGNITION OF PRIOR LEARNING (RPL)

Your prior learning includes both formal qualifications and other non-formal learning such as work experience which can be assessed and recognised for admission and credit towards your Macquarie University degree. Remember to ask for RPL when you apply.

SELECTION RANK

The selection rank is the minimum score required for entry to an undergraduate course and is based on the Australian Tertiary Admissions Rank (ATAR). For international students, selection ranks have been converted into equivalent scores for recognised international high school qualifications and university entrance examinations, such as the IB, GCE A-Levels, and SAT.

SESSION

A session is a division of the academic year into study periods. Macquarie has three sessions of study: Session 1 (February–June), Session 2 (July–November), and an optional intensive Session 3 (December–February).

SPECIALISATION

A specialisation is similar to a major, but offers even greater focus in a particular subject area, making up at least half of a degree's course units. Specialisations are available in both undergraduate and postgraduate degrees such as the Bachelor of Engineering (Honours) and Master of Commerce. Only one specialisation may be completed within a single degree.

STUDENT VISA

An authorisation permitting people to come to Australia for the primary purpose of studying, as defined by *Migration Act 1958*.

UNDERGRADUATE

An undergraduate student is one who is studying their first degree – known as a bachelor degree. Once you've been awarded your bachelor degree, you become a graduate.

UNIT

A unit, also known as a subject or module, is a discrete component of study within a course. It is worth a fixed number of credit points – usually 10 credit points – and full-time students typically study 4 units per session. A unit generally requires 10-15 hours of study per week, including class time.

WAM

A weighted average mark (WAM) is a measure of a student's overall academic performance and is based on the average of their percentage marks for each attempted unit of study. The WAM is out of 100.

International student application form

Complete this form if you are applying for a full-time course at Macquarie University or Macquarie University International College (MUIC) as an international student and you wish to submit your application by post or by email.

WANT FASTER APPLICATION PROCESSING TIME? APPLY ONLINE AT [ADMISSIONS.MQ.EDU.AU](https://admissions.mq.edu.au)

USE THIS APPLICATION FORM IF YOU ARE AN INTERNATIONAL STUDENT APPLYING FOR:

- MUIC standard foundation or intensive program
- MUIC diploma
- undergraduate or postgraduate coursework degree (see exceptions, on right).

Citizens or permanent residents of Australia or citizens of New Zealand should use application methods for domestic students.

YOU WILL NEED A DIFFERENT FORM IF YOU ARE APPLYING FOR:

Master of Research, MBA or other programs offered by the Macquarie University Graduate School of Management (MGSM), postgraduate research or study abroad and exchange program. See mq.edu.au/international-how-to-apply

SECTION A: YOUR DETAILS

To avoid delays in processing your application, complete ALL of your details **including your email address**. Macquarie University will contact you by email, post, telephone and/or SMS to provide you with information relevant to your application, orientation and enrolment.

Have you previously applied to OR been a student at Macquarie University?

No Yes If yes, student number

Title: Dr Mr Mrs Ms Miss

Family Name (AS IN PASSPORT)

Given Names (AS IN PASSPORT)

Gender: Male Female Other

Have you ever been known by another name?

No Yes If yes, complete:

SECTION C: ENGLISH LANGUAGE PROFICIENCY

Macquarie University has compulsory minimum English proficiency requirements which can differ from course to course. To check if you meet the requirements, visit mq.edu.au/english-requirements

Is English your first language?

Yes No ATTACH EVIDENCE OF YOUR ENGLISH LANGUAGE PROFICIENCY.

If you do not meet the English proficiency requirements, you may be eligible for a Package Offer, which includes an appropriate amount of English study at the Macquarie University English Language Centre (or another approved ELICOS provider) before you start your degree program.

For information on the Macquarie University English Language Centre, visit elc.mq.edu.au

Would you like to package your offer with an English language program at the Macquarie University English Language Centre (ELC)?

Yes No

SECTION D: COURSE PREFERENCE

Before completing this section, you should refer to the Macquarie University course guides or check courses.mq.edu.au for correct degree names, CRICOS codes, locations and commencement dates.

I am applying for a **single undergraduate** course

I am applying for a **single postgraduate** course

I am applying for a **double undergraduate** course

SECTION E: PATHWAY PREFERENCE

Our Diploma, Foundation and Intensive programs will help prepare you for success as you progress towards your bachelor degree at Macquarie University. If you wish to apply for a pathway program or do not meet the entry requirements for your chosen bachelor degree, you can package a MUIC pathway program with your degree preference.

Please refer to mq.edu.au/college for pathway program names, stream options, CRICOS codes and commencement dates.

Your pathway preference and choice of stream (Arts, Business and Commerce, or Science and Engineering):

Standard Foundation ▶ Stream

Intensive Program ▶ Stream

Diploma ▶ Name

Pathway CRICOS Code

Preferred Commencement Date /

SECTION F: RECOGNITION OF PRIOR LEARNING

If you have studied at another academic institution, you may be eligible for credit towards your degree at Macquarie University.

To request credit for prior learning or credit transfer, you will need to provide documentary evidence of your current or prior learning. Certified copies and official translations of relevant documents must be attached to this application. For more information on Recognition of Prior Learning, visit mq.edu.au/international-rpl

Are you seeking credit for prior learning? No Yes

Your letter of offer will contain further information on general credit for prior learning and course exemptions.

SECTION G: EMPLOYMENT HISTORY (FOR POSTGRADUATE APPLICANTS WHERE APPLICABLE)

In this section, you should provide details of any work experience that is relevant to your application. Refer to Macquarie University's international student course guides or [courses.mq.edu.au](https://www.mq.edu.au/courses) to check if your course has specific work experience requirements.

Contact Campus Wellbeing at [mq.edu.au/campus-wellbeing](https://www.mq.edu.au/campus-wellbeing) or email campuswellbeing@mq.edu.au for information on accessibility supports and services.

SECTION J: SPONSORSHIP

If you will be sponsored by a government or organisation for your studies, please provide the sponsorship body's name:

SECTION K: PRIVACY AND STUDENT DECLARATION

PRIVACY AND RIGHT TO INFORMATION

Macquarie University is subject to the *Privacy and Personal Information Protection Act 1998* NSW and *Health Records and Information Privacy Act 2002* NSW. The University collects your information on this application form for the primary purpose of meeting its obligations under the *Education Services for Overseas Students Act 2000* (Cth) (ESOS Act) and the National Code of Practice for Providers of Education and Training to Overseas Students 2018 (National Code), and purposes of administering student and prospective student admissions and enrolment.

The information you provide in your application is recorded on the University's student database and may be disclosed to the following types of organisations:

- government departments (such as the Department of Home Affairs, the Department of Education and Training and the Department of Jobs and Small Business) and agencies involved in administering the ESOS legislation;
- external organisations (such as other tertiary education institutions) where disclosure is necessary to verify your previous qualifications and other supporting documentation provided with your application;
- University-owned entities;
- contracted service providers which the University uses to provide services on its behalf or conduct risk assessment for the purpose of establishing Genuine Temporary Entrant status against the criteria set out by the Department of Home Affairs;
- where required by law.

You are able to gain access to any personal information and health information that the University holds about you, subject to any exceptions in relevant legislation. For further information consult the University's Privacy Management Plan.

STUDENT DECLARATION

By ticking the 'I agree' box on this application form, I acknowledge and agree to the following:

- 1) I have read and understood the privacy statement above.
- 2) I am 16 years of age or older.
- 3) The information I have submitted with my application is true, correct and complete.
- 4) All documents submitted with this application become the property of the University and will not be returned.
- 5) I am a Genuine Temporary Entrant and Genuine Student for the purposes of study in Australia and applying for a student visa.
- 6) I have read the **Handbook** and understood the structure, content and modes of study of the course/s I am applying for in this application.
- 7) The University may check my visa status on the Department of Home Affairs Visa Entitlement Verification Online facility.
- 8) Should I be found ineligible for admission to the nominated course/s on this application, I authorise Macquarie University to assess my eligibility for a suitable alternative course/s or pathway course.
- 9) The University may vary or reverse any decision it makes on the basis of incorrect, incomplete or fraudulent information provided in my application.
- 10) It is an offence to submit fraudulent documentation in support of my application. If fraudulent documentation is detected:
 - my application will be rejected;
 - if an offer has been made, it will be withdrawn; and
 - if a visa has been issued to me, the Department of Home Affairs will be notified; and
 - other relevant authorities (such as the NSW Police and the Independent Commission Against Corruption) may also be notified.
- 11) I will notify the University immediately if there is any change to the information I have given in this application.
- 12) I have accessed information regarding the costs associated with living in Australia for me and any dependants accompanying me at: [studyinaustralia.gov.au/english/live-in-australia/living-costs](https://www.studyinaustralia.gov.au/english/live-in-australia/living-costs)
- 13) I have accessed information regarding the costs related to studying at Macquarie University at: [mq.edu.au/cost-of-living](https://www.mq.edu.au/cost-of-living)
- 14) I have sufficient funds to finance my studies including tuition fees, ancillary costs and living expenses for me and any dependants accompanying me to Australia.
